ATM and POS Specialist Cleaning Maintenance

Do you know the cost of an ATM or POS reader breakdown?
The ATM and POS specialist cleaning range offers a selection of comprehensive kits and individual products to ensure the longevity of this technical equipment.

Cardclene Cash (CCC100)

100 cleaning cards for cash dispensers.

Cardclene (CCP020)

20 impregnated cards containing IPA solution for regular chip and pin terminal cleaning.

ATM/POS Kit (FPOSKIT)

An essential maintenance and cleaning kit for ATMs and POS units. Contains Surface, Card, Screen cleaners and much more.

Platencle (PCL100)

Ideal for thermal printer head maintenance.

Ultimate ATM/POS Kit (FULTATMKIT)

Sturdy refillable case packed with the ultimate selection of AF specialist ATM and POS cleaning products.

Cardclene (CCE020C)

20 encoded cards to clean ATM machines. Encoding feature enables ATM machines to recognise the card is a cleaning card.

Specialist surface cleaning Graffiti remover (GRG400)

Effective removal of unwanted ink on equipment surfaces.

Freezer spray (FREH200)

Powerful freezer spray to remove sticky residue such as chewing gum.

Label remover
(HDLRM) removes dried on stickers leaving no residue.

****Remember AF always recommends that you spray screen cleaning products onto a cloth and gently wipe your screen. Never spray product directly onto the screen surface.**
