

BEESWIFT[®]
FOCUSED ON SAFETY

Product Code:

MSA10115855

Selling UOM:

Each

Pack Size:

1

SPECIFICATION SHEET

V-GARD PROPIONATE MOULDED VISOR

- V-Gard propionate visors provide impact protection, and are good for those applications where chemical splash hazards also exist
- They offer increased impact protection and superior optical quality over acetate visors.
- Being moulded makes them optically correct, and helps ensure they maintain good visibility and reduced eye fatigue.
- Their chemical and heat resistance is better as they are thicker and not as stressed as flat visors.
- MSA10115855 can be worn in combination with helmet mounted ear defenders and easily fit to the V-Gard Browguard, MSA10127061, but is not compatible with MSA chingards.
- The visor dimensions are 203 x 432 with a thickness of 2.5mm
- The visor conforms to the following:
EN166:2001 Personal Eye Protection (1B 3)
1 Optical class 1 for permanent usage
B Medium energy impact protection (B = 120 m/s)
3 Protection against droplets and splashes of liquids

Packaging Waste	Type	Units	Weight(g)	Length(mm)	Width(mm)	Height(mm)
Cardboard	Outer	1	420.00	288.00	250.00	290.00
Plastic	Inner	5	28.10			
Paper	Inner	5	25.13			
Tissue Paper	Inner	5	4.28			
Carton Weight:		1.20kg
