

SWING H is an elegant and practical conference chair. Depending on the version, it has an upholstered or sewn seat and a high, upholstered or sewn backrest. In the upholstered version, the back of the backrest is plastic and in the sewn version, the entire backrest is finished with the fabric. The chair is equipped with the armrests and available with 4-leg steel frame or with the cantilever frame of steel. SWING H is very good choice for office spaces, conference rooms and waiting places.

The model is also available with a low backrest [SWING M](#) and with the backrest of black membrane [SWING Y](#).
