

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

SHJ0044237904

Version: 1.0

SECTION 1: Identification of the product and the company/ undertaking

1.1. Product identifier

Product name: Toners Yellow HP131A CF212A
Synonyms: None
Proper shipping name: None
Other identities: None

1.2. Relevant identified uses of the product and uses advised against

1.2.1. Relevant identified uses

Toner for use in laser printing

1.2.2. Uses advised against

Advise against other uses.

1.3. Details of the supplier of the safety data sheet

Supplier name:

Address:

Telephone:

Emergency telephone:

E-mail:

Importer name:

Address:

Telephone:

Fax:

E-mail:

1.4. Emergency telephone number

| Country | Advisory body | Address | Emergency number |
|---------|---------------|---------|------------------|
|---------|---------------|---------|------------------|

SECTION 2: Hazards identification

2.1. Classification of the product

Classification according to Directive 1999/45/EC: Not considered as a hazardous mixture.

Classification according to Regulation (EC) No 1272/2008 [CLP]: Not considered as a hazardous mixture.

Other adverse physico-chemical, human health and environmental effects

None

2.2. Label elements

Labelling according to Directive 1999/45/EC: None

Labelling according to Regulation (EC) No 1272/2008 [CLP]: None

2.3. Other hazards

None

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable.

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

Full text of R-, H- and EUH-phrases: see section 16.

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation: Move victim to fresh air. If not breathing, give artificial respiration. Get medical attention.

Skin contact: Immediately wash with plenty of soap and water. Get medical attention if irritation occurs.

Eye contact: Immediately flush eyes with running water for at least 20 minutes holding eyelids open. Get medical attention.

Ingestion: Do not induce vomiting. Give 1-2 glasses of water to a conscious victim. Never give anything by mouth to an unconscious victim. Get medical attention.

4.2. Most important symptoms and effects, both acute and delayed

Inhaled:

The material is not thought to produce adverse health effects or irritation of the respiratory tract (as classified by EC Directives using animal models). Nevertheless, good hygiene practice requires that exposure be kept to a minimum and that suitable control measures be used in an occupational setting.

Ingestion:

Although ingestion is not thought to produce harmful effects (as classified under EC Directives), the material may still be damaging to the health of the individual, following ingestion, especially where pre-existing organ (e.g liver, kidney) damage is evident. Present definitions of harmful or toxic substances are generally based on doses producing mortality rather than those producing morbidity (disease, ill-health).

Skin Contact:

Skin contact is not thought to have harmful health effects (as classified under EC Directives); the material may still produce health damage following entry through wounds, lesions or abrasions.

Eye:

Although the material is not thought to be an irritant (as classified by EC Directives), direct contact with the eye may produce transient discomfort characterised by tearing or conjunctival redness (as with windburn).

Chronic:

Long-term exposure to the product is not thought to produce chronic effects adverse to health (as classified by EC Directives using animal models); nevertheless exposure by all routes should be minimised as a matter of course.

4.3. Indication of any immediate medical attention and special treatment needed

Get medical attention and treat symptomatically.

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

SHJ0044237904

Version:1.0

SECTION 5: Firefighting measures

5.1. Extinguishing media

Dry chemical powder, alcohol-resistant foam, carbon dioxide (CO₂).

5.2. Special hazards arising from the product

No data available.

5.3. Advice for firefighters

Alert Fire Brigade and tell them location and nature of hazard. Wear breathing apparatus plus protective gloves. Prevent, by any means available, spillage from entering drains or water courses. Use water delivered as a fine spray to control fire and cool adjacent area.
DO NOT approach containers suspected to be hot.
Cool fire exposed containers with water spray from a protected location. Only when safe to do so, remove containers from path of fire.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

Wear chemical goggles and chemical resistant gloves.

6.1.2. For emergency responders

Wear breathing apparatus plus protective gloves. Remove ignition sources and provision of sufficient ventilation, evacuate the danger area and consult experts.

6.2. Environmental precautions

Take precautions to prevent entry into waterways, sewers, or surface drainage systems. Dispose according to local or international regulations.

6.3. Methods and material for containment and cleaning up

Use appropriate tools to put the splash solid in suitable container for recovery or disposal.

6.4. Reference to other sections

Refer to Section 8 for Personal Protective Equipment advice.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Do not handle until all safety precautions have been read and understood. Do not eat, drink or smoke when using this product.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: PE. Refer to section 10.

Storage incompatibility: Avoid reaction with strong acid, alkali and oxidizing agents.

7.3. Specific end uses (s)

Apart from the uses mentioned in section 1.2, no other specific uses are stipulated.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

8.2. Exposure controls

Engineering controls are used to remove a hazard or place a barrier between the worker and the hazard. Well-designed engineering controls can be highly effective in protecting worker and will typically be independent of worker interactions to provide this high level of protection.

The basic types of engineering controls are:

Process controls which involve changing the way a job activity or process is done to reduce the risk.

Enclosure and/or isolation of emission source which keeps a selected hazard "physically" away from the worker and ventilation that strategically "adds" and "removes" air in the work environment.

General Personal Protection: Safety goggles or face shield, chemical resistant gloves, protective clothing and apparatus.

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

Version: 1.0

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

| | |
|--|-------------------|
| Physical state: | Powder |
| Colour: | Yellow |
| Odour: | No data available |
| pH: | No data available |
| Melting point/freezing point: | No data available |
| Boiling point: | No data available |
| Flash point: | No data available |
| Vapour pressure: | No data available |
| Density(g/cm ³): | No data available |
| Water solubility: | No data available |
| Partition coefficient (n-octanol/water): | No data available |
| Auto-ignition temperature: | No data available |
| Flammability: | Non flammable |
| Upper/lower explosive limits: | No data available |
| Explosive properties: | No data available |
| Oxidising properties: | No data available |
| Dissociation constants: | No data available |
| Surface tension: | No data available |
| Viscosity: | No data available |

9.2. Other information

No data available.

SECTION 10: Stability and reactivity

10.1. Reactivity

May react with strong acid, alkali, oxidizing agents and incompatible materials.

10.2. Chemical stability

Product is considered stable during storage and transportation under normal conditions.

10.3. Possibility of hazardous reactions

Hazardous reactions may occur if contact with incompatible material.

10.4. Conditions to avoid

High temperature, ignition sources (sparks, flames, static), incompatible materials.

10.5. Incompatible materials

Strong acid, alkali and oxidizing agents

10.6. Hazardous decomposition products

On combustion or thermal decomposition, may emit toxic fumes.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

No data available for the mixture.

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

SHJ0044237904

Version:1.0

SECTION 12: Ecological information

12.1. Aquatic toxicity

No data available for the mixture.

12.2. Persistence and degradability

Biodegradation: No data available

Abiotic degradation: No data available

12.3. Bio accumulative potential

Bioconcentration factor (BCF): No data available

12.4. Mobility in soil

Distribution to environmental compartments: No data available

Adsorption/Desorption: No data available

12.5. Results of PBT and vPvB assessment

No data available.

12.6. Other adverse effects

No data available.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Product disposal: refer to specific national regulation.

Contaminated packaging: contaminated, empty containers must be disposed of as chemical waste.

SECTION 14: Transport information

Based on available data, the information according to UN recommendation on the transport of dangerous goods is given as below:

Label required

None

Transport information

| | | |
|------|------------------------------|------|
| 14.1 | UN Number | None |
| 14.2 | Shipping name | None |
| 14.3 | Road (ADR) | None |
| | Rail (RID) | None |
| | Air (ICAO/IATA) | None |
| | Sea (IMO/IMDG) | None |
| 14.4 | ADR-Packing Group: | None |
| 14.5 | Environmental Pollutant: | No |
| | Marine pollutant: | No |
| 14.6 | Special Precautions for User | N.A. |

14.7. Transport in bulk according to Annex II of MARPOL 73 / 78 and the IBC code

No data available

Toners Yellow

Safety Data Sheet (SDS) Conforms to Reg. (EC) No 1907/2006, Reg. (EC) No 1272/2008 and their amendments

SHJ0044237904

Version: 1.0

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

15.1.1. EU-Regulations

This safety data sheet is in compliance with the following EU legislation and its adaptations - as far as applicable - 67/548/EEC, 1999/45/EC, Regulation (EC) No 1272/2008, Regulation (EC) No 1907/2006, 98/24/EC, 92/85/EEC, 94/33/EC, 91/689/EEC and 1999/13/EC.

15.1.2. International/national regulations

No data available

15.1.3. Regulation for ingredients

None

15.2. Chemical safety assessment

No chemical safety assessment report was provided for this safety data sheet compilation.

SECTION 16: Other information

16.1 Key literature references and sources for data

- ESIS (European Chemical Substances Information System), <http://esis.jrc.ec.europa.eu/>
- Information on Chemicals in ECHA website, <http://echa.europa.eu/information-on-chemicals>
- IFAGESTIS-International limit values for chemical agents-Occupational exposure limits (OELs), http://www.dguv.de/ifa/en/gestis/limit_values/index.jsp

16.2 List of relevant hazard statements and risk phrases

None

16.3 Other

This product should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with any legal regulation. Many factors determine whether the reported Hazards are Risks in the workplace or other settings. Risks may be determined by reference to Exposure Scenarios. Scale of use, frequency of use and current or available engineering controls must be considered.

For detailed advice on Personal Protective Equipment, refer to the following EUCEN

- Standards: EN 16 Personal eye-protection
- EN 340 Protective clothing
- EN 374 Protective gloves against chemicals and micro-organisms
- EN 13832 Footwear protecting against chemicals
- EN 133 Respiratory protective devices

The information presented in this SDS is based on our current knowledge and available data as of the issue date, and is only intended to describe the product for the purposes of protecting human health and environment from potential hazard. It should not therefore be construed as guaranteeing any specific property of the product.
