

KOBRA[®] FlexPack

Go Green
Go to zero waste

www.kobra.com

MADE IN ITALY

Kobra FLEXPACK and Kobra FLEXPACK Desktop transform used cardboard into packing material either as a packaging and cushioning material or as a filling material for save deliveries of any product.

**THIS WILL HELP
SAVE COST, TIME
AND PROTECTS THE
ENVIRONMENT**

Do not use plastic packaging anymore!

Recycle your cardboards.

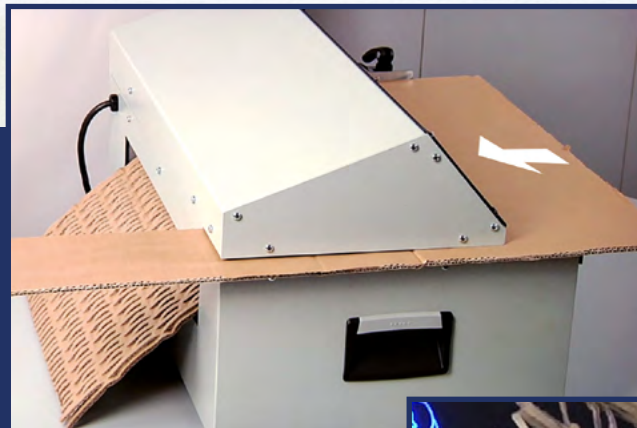

Simply choosing used cardboard as filling and cushioning material for packaging

will reduce plastic by thousand Kgs every year (the equivalent of millions of plastic bottles).

Easy to use: just insert cardboard and the machine simultaneously will cut and perforate cardboard.

Create high quality packaging material.

Pack and protect your objects in the best, safest and cheapest way.

KOBRA® FLEXPACK

**ECO-FRIENDLY
CARDBOARD
RECYCLING MACHINES**

*KOBRA FLEXPACK:
your conscious choice for plastic-
free packaging, climate neutrality
and sustainable sourcing.*

*Become conscious of your power to
choose (y)our future.*

MAIN FEATURES

KOBRA FLEXPACK *desktop*

KOBRA FLEXPACK

An adjustable working width with scale enables the user to optimize the measure of the packaging material according to the sizes of the boxes. Moreover, they have a large and convenient carton support table ensuring easy operation.	●	●
Kobra Flexpack carries the latest Touch Screen Technology : it utilizes a remarkable touch screen keypad where functions are activated by simply touching the panel. Flexpack also shows a LED load meter indicating the work load on the machine.		●
The cushioning volume of the output is adjustable through a specifically designed tension system.		●
Kobra Flexpack is equipped with an hour meter to help keep records of scheduled cleaning, maintenance and usage time intervals.		●
Designed for high volumes .		●
The units produce very low noise level on a 24-hour continuous duty operation and carry a very high-efficiency motor that can save considerable electrical energy cost. They plug into a standard 230 volt outlet.	●	●
They stand out for their sturdy and robust Kobra power unit and for Kobra high carbon grade steel cutting knives .	●	●
Emergency off switch for user safety.		●
Easy to move: equipped with castors and parking brake .		●
Easy to lift and carry thanks to the handles on both sides.	●	
Rubber feets to ensure a stable and non-slip support.	●	
KOBRA DCS-500 complete dust collection system including vacuum motor to provide dust free padding mats (option).		●
