	Astroplast First Aid Dressing	
	Version: 1.02	Page 2 of 3

DEVICE DESCRIPTION:

Sterile First Aid Dressing Bandage is applicable for haemostasis and isolating wound in first-aid.

INTENDED USE:

The Sterile First Aid Dressings are designed to provide a protective barrier for the management of open wounds. The various functions of the dressing include; absorption of bodily wound fluid, providing slight compression to aid haemostasis, providing an optimal environment for wound healing by isolating damaged epithelium from contamination by foreign objects and to reduce the risk of bacterial infection.

CONTRAINDICATIONS: None

PRECAUTIONS:

The following precautionary measures are advised and appear on the product packaging:

- Sterile
- Individually Wrapped
- Single use only

INSTRUCTIONS FOR USE: None as this is a simple product

STERILISATION: Gamma Radiation

CLASSIFICATION: Class I Sterile, according to Rule 1 of Annex IX, MDD/93/42/EEC.

STORAGE CONDITIONS: Store in a cool dry place, sterile unless opened or damaged. Stored appropriately, the product has a shelf life of 5 years expiry in intact packaging.

	Product Specification:TF-12	PS-0029-2021
	Astroplast First Aid Dressing
