paperwork by positioning it vertically.

How to use a document holder

- 1. Position:** Place the holder at the side of your screen then tilt the holder towards you so you can clearly see all the document without moving your head downwards.
- 2. Check screen position:** Ensure that your main monitor is positioned at approximately arms' reach with the top of the screen roughly level with your eyes.
- 3. Viewing documents:** Adjust the angle of your document holder so the top of the document it is as high as possible to reduce the need for bending your neck and leaning forwards. Line guides can help keep paper in place and help you navigate to text faster.
- 4. Lighting:** Make sure you have suitable lighting to view your documents.
