Discover the CHERRY STREAM DESKTOP COMFORT – your ergonomic and reliable desktop set for an optimal working environment!

Mouse & keyboard: Bundled ergonomics for a comfortable working environment

The STREAM DESKTOP combines two top performers. The wireless keyboard is based in its design on the STREAM KEYBOARD, one of the world's best-selling keyboards. In the STREAM DESKTOP COMFORT bundle, it has the perfect partner with the new ergonomic wireless mouse. The mouse is especially suitable for medium to large hands and offers a variety of benefits for the health and well-being of the user. The ergonomic design of the optical right-hand mouse promotes a natural hand position, which can help to minimize the risk of wrist pain or carpal tunnel syndrome. The keyboard meets all pertaining ergonomic requirements. In addition, the integrated and rubberized feet of the keyboard support the overall ergonomics.

SX scissor technology and whisper-quiet mouse buttons: The ideal symbiosis

The flat wireless keyboard of the desktop set features our innovative CHERRY SX scissor technology, which ensures a precise and whisper-quiet keystroke. The mouse buttons, which are also very quiet, complement this working environment by enabling virtually silent operation. Together, the keyboard and mouse offer a solution for a quiet workplace.

Wireless & versatile: Maximum range and versatility with CHERRY KEYS

The 2.4 GHz wireless technology of the mouse and keyboard offers an impressive range of up to 10 meters, allowing you to work freely. With the ergonomic, 6-button computer mouse at your side, you can navigate effortlessly through your everyday work. The PC mouse's front and back buttons located at the side are especially helpful and increase your productivity.

For even more versatility, use the free CHERRY KEYS software. CHERRY KEYS allows you to customize your keyboard or mouse with just a few clicks.

Reliability and function combined: CHERRY quality right on your desk

CHERRY has always placed special emphasis on reliability and functionality. The keyboard stands stable like a rock on the desk thanks to the integrated metal plate and does not slip during typing. The mouse, on the other hand, moves effortlessly over the desk. With a high-quality mouse wheel made of metal, it not only offers an attractive feel, but also durable quality. The large sliding pads on the underside provide optimal gliding, guaranteeing precise movements and comfortable use.

In terms of battery life, the STREAM DESKTOP COMFORT once again scores points. With an impressive battery life of up to 36 months, it is the perfect choice for frequent users. The integrated status LEDs for Caps Lock, Num Lock and Scroll Lock give clear signals when a battery change is required.

Safety & sustainability: Desktop set with GS seal

Our desktop set not only meets the highest demands for performance, but also for safety and

environmental responsibility. The “Tested for Safety” GS seal takes into account all relevant European directives and regulations designed to protect your health.
