

### These chemical safety gloves offer the dexterity of a medium-duty, unlined style with wet/oily grip performance, using ANSELL GRIP™ technology

- 58-430 medium duty level combines the market leading performance of ANSELL GRIP technology with the flexibility and dexterity of an unlined nitrile shell. This unique, patented design features a premium grade nitrile compound coating, for versatile chemical protection and long-lasting snag, puncture and abrasion resistance, along with a comfortable cotton-flocked liner.
- The glove is ideal for intermittent exposure to lubricants and cleaning agents in industrial settings.

#### Industries

- Automotive
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication
- Chemical
- Agriculture

#### Applications
