

2m (6 ft) Long Left Angle Apple 30-pin Dock Connector to USB Cable for iPhone / iPod / iPad with Stepped Connector

Product ID: USB2ADC2ML

The USB2ADC2ML USB cable for iPhone®, iPod® and iPad® (2m) features a left-angled Apple® (30-pin) Dock Connector which positions the cable in such a way that it allows you to easily access your iOS-enabled mobile digital device in both portrait and landscape mode, even while charging.

The longer USB to iPhone cable design offers 2-meters in cable length to overcome distance restrictions while still providing full charging power.

Plus, the USB to iPhone cable features a uniquely constructed stepped Apple Dock Connector, designed by StarTech.com. Unlike a regular connector, the exclusive stepped connector plugs into your iPhone, iPod or iPad, even when inside a protective case, avoiding the inconvenience of having to constantly remove the cover for every charge/sync.

This durable cable is Apple MFi certified and backed by our lifetime warranty to ensure dependable performance.

As an alternative, StarTech.com also offers a [2m Right Angle Apple® 30-pin Dock Connector to USB Cable \(USB2ADC2MR\)](#), which provides the same convenience as this left-angled cable, but allows you to connect to your iPhone, iPod or iPad from the opposite direction.

Certifications, Reports and Compatibility

Applications

- Text, work, or game on your iPhone®, iPod®, or iPad®, even while charging, without the cable getting in the way
- Charge your Apple® devices from a computer, USB wall charger, or vehicle USB charger
- Replace a damaged or misplaced USB cable for your iPhone/iPod/iPad
