

NT 27/1

All-purpose vacuum cleaner built for demanding cleaning applications

1 Cartridge filter with float

- Large cartridge filter ensures constant high suction power. The float system interrupts the suction flow after reaching the maximum capacity.

2 Robust metal latches

- The extremely robust metal latches lock more reliably.

3 Robust bumper

- A bumper protects the vacuum as well as walls, machines and other items against damage.

NT 27/1

- With cartridge and wet filter
- Plastic container
- Accessory storage and cord hook
