Legendary HP quality and performance

HP EvoCycle Cartridges are made in the same facility and with the same quality control as Original HP Cartridges. They use new Original HP parts for components critical to print quality to help provide customer-ready prints.

Reduce, reuse, recycle

HP EvoCycle Cartridges use recycled and reused components from returned Original HP Cartridges collected from HP Planet Partners.³ EvoCycle's closed-loop recycled plastic is 100% recycled material from HP cartridges with no additional new plastic.

Designed for security you can trust

HP EvoCycle Toner Cartridges are designed for security with tamper-resistant chips, firmware, and tamper-evident packaging. By using only Original HP Cartridges in your HP device, you can help protect your printer from malicious code and maintain the integrity of your data.⁴
