Safe. Simple. Effective.

FABRIC CARE / ARIEL PROFESSIONAL LIQUID COLOUR

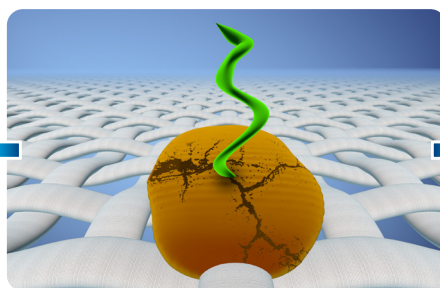

TECHNOLOGY

Ariel Professional Liquid stain removal technologies

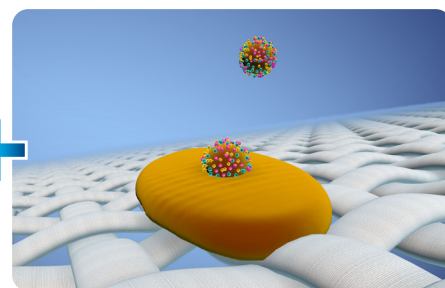

Ariel Professional Liquid technologies act in synergy to ensure the removal of the tough stains professionals face on a daily basis.

Its **boosted enzyme** system breaks the stain into smaller pieces.

Its **polymers** drill into the stain, opening it up to facilitate the penetration of the surfactants.

The **multi-surfactants system** dissolves and removes pieces of stain which are then rinsed away.

TECHNICAL DESCRIPTION

EAN code:	
Appearance:	Blue Green Liquid
Smell:	Pleasant
pH:	8.6
Water solubility	Soluble
Size
