Lexmark™

Lexmark CX417de

CX417de

Stunning colour at higher speed. Combines 4 devices into 1.

This full-featured multifunction product combines printing, copying, scanning and faxing into a single compact and reliable device. The CX417de produces PANTONE®calibrated, professional colour prints and documents at speeds up to 30 pages per minute. It includes built-in Gigabit networking, advanced security, a 10.9cm (4.3 inch) colour touch screen, the ability to use High Yield cartridges, and mobile print capability.*

PANTONE colour—faster

PANTONE calibration and Lexmark colour-matching tools produce high-quality, consistent colour printing at up to 30 pages per minute. So you can save time and money by creating colour prints and documents in-house. A dual-core processor, 512MB of memory (upgrades up to 2.5GB) and Gigabit networking mean that even complex documents with graphics and images are transferred, processed and printed quickly. The first colour page is delivered in as little as 11.5 seconds.

Colour	Up to 30 ppm	Network	Duplex
Unison Toner	Security	Mobility	10.9cm (4.3 inch) touch screen

Security, plus Confidential Print. Mobile print capability.

Extensive network security features and protocols are built-in to protect your device, information and network from unauthorised access. Keep your sensitive documents safe by enabling the Confidential Print feature, which requires entering a customised, unique PIN on the device's keypad before the document can be printed.

Print from mobile devices using the optional Wi-Fi adapter or Lexmark's free Mobile Print app.

4 YEARS Guarantee

4-year Guarantee

Given the choice, wouldn't you prefer to buy a device that protects your investment with a guarantee? The affordable CX417de is so well made, we back it with a guarantee that covers repair actions including the cost of spare parts if they are needed in the first four years**. The guarantee also offers you free 24-hour online support and access to technical support by phone during working hours.

*Requires free Lexmark Mobile Print app with Android or iOS mobile device
**Offer applies if the product is registered within 90 days from the date of purchase. Supplies and/or consumable parts, such as fuser or transfer unit, are excluded. Please refer to the detailed terms and conditions available at lexmark.com/myguarantee.

High Yield cartridges offer lower cost per page

The CX417de has access to High Yield cartridges that produce up to 3,500 colour pages and 6,000 black pages to lower your cost per page. Plus they never require shaking, which minimises interruptions and keeps your work moving. Lexmark's print system and exclusive Unison™ Toner ensure consistent print quality throughout the life of the cartridge to prevent wasted prints.

User-friendly

The CX417de features a 10.9cm (4.3 inch) customisable colour touch screen that provides quick access to copy, fax and scan functions. It also provides access to pre-installed applications, such as our Forms and Favourites app that lets you save frequently used documents and print them from the touch screen.

Monitor jobs and supplies on the screen, or from a remote location through its web interface. Add up to two extra paper trays to boost capacity to 1,450 pages for fewer interruptions. A front USB port lets you print directly from a flash drive.

The CX417de is built to last, so you'll easily be able to print up to 6,000 pages per month, thanks to our state-of-the-art paper handling technology.

An automatic document feeder simplifies printing, copying, scanning and faxing multipage documents.

Eco-friendly

Built-in two-sided printing reduces paper use. The instant warm-up fuser saves energy and delivers the first colour page as fast as 11.5 seconds. Select an energy-saving mode (Quiet, Hibernate or Eco) to automatically minimise noise and energy consumption
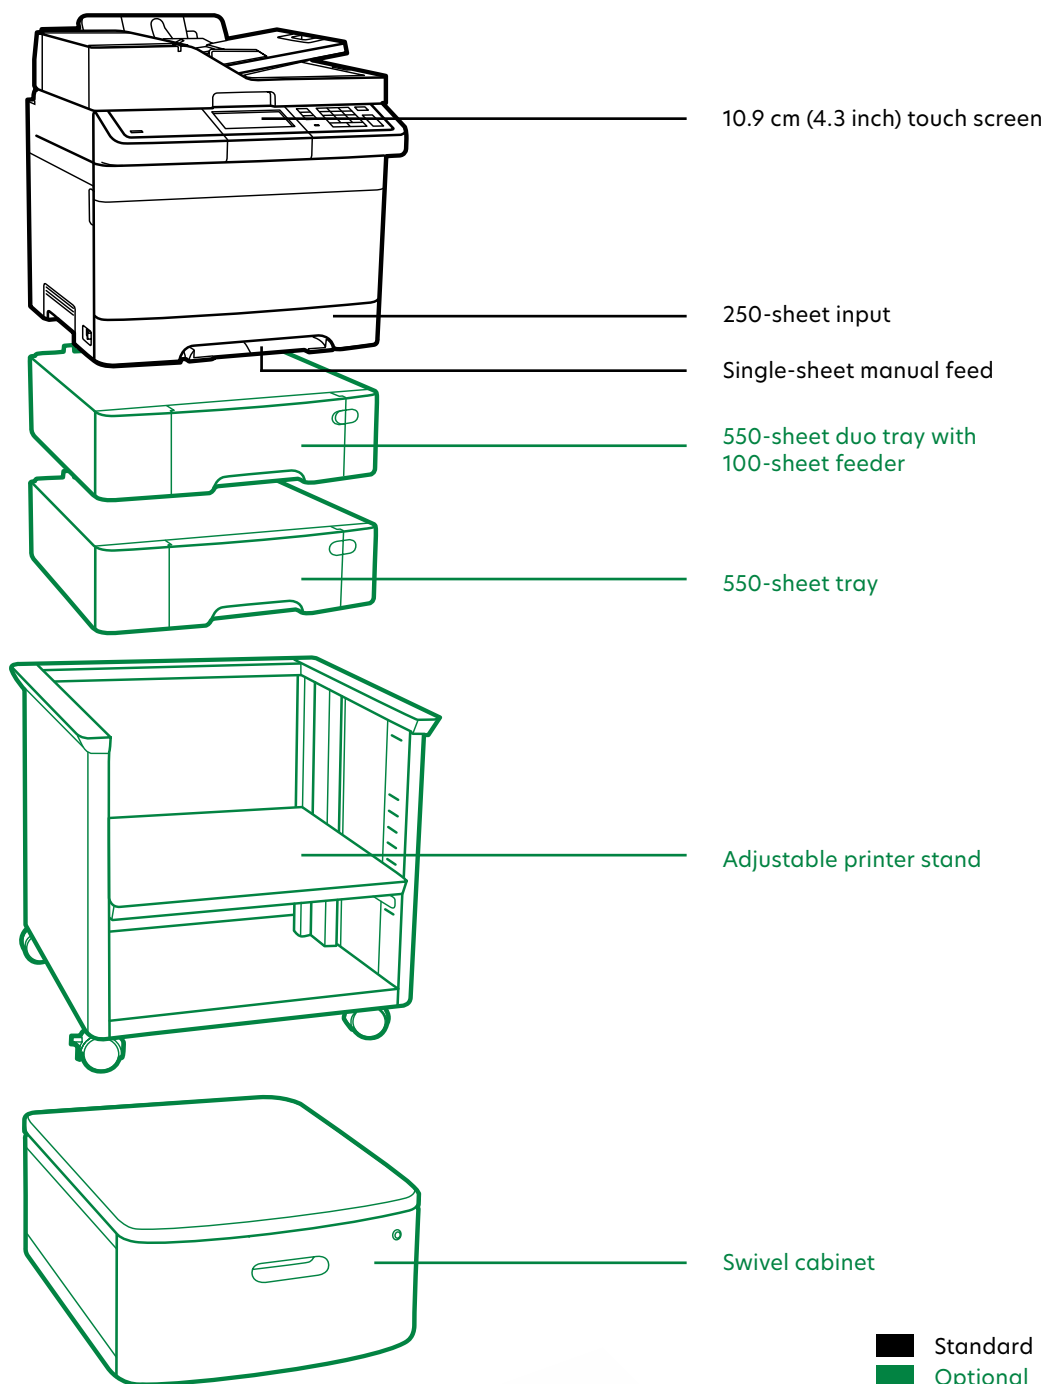

Through LCCP, the Lexmark Cartridge Collection Programme, Lexmark offers a free and easy way for you to return your empty cartridges for sustainable recycling or remanufacturing. Learn more at http://www.lexmark-emea.com/LCCP/recycling

[1]Average continuous black or continuous composite CMY declared cartridge yield up to this number of standard pages in accordance with ISO/IEC 19798. [2]"Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. [3]"Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. [4]Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details. [5]Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds. [6]Actual Yield may vary based on other factors such as device speed, paper size and feed orientation, toner coverage, tray source, percentage of black-only printing and average print job complexity. [7]Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details.
