Features

- **Full 1080P HD Crystal Image:** 2MP HD resolution and 30m IR Night Vision for crystal clear viewing day and night, IP65 Rating with Full Metal Casing makes the camera robust enough for outside use.

- **TWO-WAY Audio & 110°Wide View Angle:** Built-in Microphone and speaker allows you to communicate with guests and the deterrent alarm can scare off intruders out of your house. Equipped with a 3.9mm HD lens enables a larger field of view of 110°.

- **Motion Detection & External SD slot design:** Automatically record on Micro SD card (Up to 128G, No SD card pre-installed) When movement is detected. External SD card slot designing is easier for SD installation.

- **Real-time push alarm:** Free instant push alerts to your mobile/tablet when motion is detected. Playback recordings from mobile or PC whenever you want to check back on your home.

- **Easy Installation and Remote viewing:** Real Plug and Play and easy wifi set-up allows you to access the live feed in minutes, feel so close to your family with our wireless camera even you are not home.

- **Works With Alexa Echo and Google Home:** Not a normal ip camera, you could use amazon alexa to control our camera, simply link ENERJSMART app with your alexa app and just say alexa, turn on the camera. Then you could see image on your echo show. You can also add on more ENER-J products such as wifi sensors and group them with this IP Camera.
