FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by StarTech.com could void the user's authority to operate the equipment.

Industry Canada Statement

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe [B] est conforme à la norme NMB-003 du Canada.

CAN ICES-3 (B)/NMB-3(B)

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Introduction

Packaging Contents

- 1x 1-Bay 2.5in SATA/SAS Hard Drive Backplane
- 2x Drive bay keys
- 1x 2.5" HDD/SSD Drive Tray
- 1x SATA cable
- 4x Drive mounting screw kit
- 4x Backplane mounting screw kit
- 1x Instruction Manual

System Requirements

- 1x 2.5in SATA/SAS hard drive

Computer System:

- 1x SATA/SAS host connector port
- 1x Available 3.5" bay
- 1x Available SATA power connection

WARNING! Hard drives and storage docks require careful handling, especially when being transported. If you are not careful with your hard disk, lost data may result. Always handle your hard drive and storage device with caution. Be sure that you are properly grounded by wearing an anti-static strap when handling computer components or discharge yourself of any static electricity build-up by touching a large grounded metal surface (such as the computer case) for several seconds.

Hardware Installation

1. Ensure your computer system is powered down, and the power cable has been disconnected from the Power Supply.
2. Open your computer case (refer to the computer user manual for details), and place the 2.5in SATA/SAS HDD Backplane into the 3.5" slot, lining up the side installation holes on the Backplane (pictured below), with installation holes on the 3.5" slot inside the computer.

3. Hold the Backplane into place, and fix the four included drive bay screws (black) through the installation holes on the 3.5" bay, into the side installation holes on the Backplane.

Notes:

- While only four mounting points are required (two on either side), six mounting holes are available to accommodate different styles of computer cases.
- Installation steps may vary depending on your computer case, refer to the computer case user manual for details.

4. Connect the included SATA data cable from an available SATA/SAS host ports on your motherboard to the SATA/SAS data connector port on the back of the Backplane.
5. Connect a SATA Power connector from your power supply to the SATA power connector port on the back of the backplane.

Hard Drive Installation

1. To remove the tray, squeeze the latch to release the door handle, pull the tray door handle open and slide the tray out of the enclosure.

Note: If the drive is locked, insert either of the included bay keys into the 2.5in drive bay key hole, and turn the key clockwise into the unlock position before attempting to remove the tray.

2. Insert your desired drive into the drive tray with the bottom mounting drive holes in line with the mounting holes on the drive tray. Fix the drive to the drive tray using four of the included drive screws (silver).

3. Slide the drive tray with installed hard drive back into the slot and close the door.

4. (Optional) If you would like to lock the drive door for added security, use the key to turn the key counter clockwise into the locked position.

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit www.startech.com/support and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a two year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
