

SD1610P USB-C™ Mobile Dock with Pass-Through Charging for Microsoft Surface Devices

Part number: K38365EU | EAN code: 5028252607858

The perfect mobile dock for Microsoft Surface Devices.

Today's professionals work in a variety of spaces, with old and new technologies. With Kensington's SD1610P USB-C Mobile Dock with Pass-Through Charging, Microsoft Surface users can expand their mobile or desktop setup to include a Full HD (VGA) or 4K (HDMI) display and connect to their favourite USB accessories.

- **Designed for Surface** – The SD1610P allows you to connect with confidence to Microsoft Surface devices with USB-C
- **USB-C Pass-Through power** – Connect and charge your USB-C enabled Surface device and USB accessories via a 3A/60W (or higher) USB-C charger (not included), or power the dock and connected devices using the Surface battery when travelling.
- **Versatile video connection** – Provides options for HDMI (4K@30Hz) or VGA Full HD (1920x1080p) video output to an external monitor or projector. Simplify your packing by eliminating the need to travel with extra video adapters.
- **Productive ports** – Extend your productivity capabilities via two USB-A 3.1 Gen1 ports (up to 5Gbps), an extra USB-C 3.1 Gen1 port for data synchronisation (up to 5Gbps) and a Gigabit Ethernet port.
- **Compact design** – Designed to fit into your Surface backpack or carrying case, while also providing you with the opportunity to eliminate many video adapters, dongles and mobile accessory power adapters.
