# USB Cables with Lightning Connectors

## Sync & Charge Your iPod, iPhone & iPad!

Tripp Lite's new USB Cables with Lightning Connectors allow you to effortlessly transfer data to and from your latest generation iPod, iPhone and iPad devices, while charging the devices at the same time. Available in 3- and 6-foot lengths, these MFi-certified cables are compatible with iPhone 5, iPhone 5c, iPhone 5s, iPad (4th generation), iPad mini, iPad Air, iPod Touch (5th generation) and iPod nano (7th generation). Each cable features a uniquely designed reversible lightning connector that plugs into a device in either direction, making connections easier and faster.

### Key Features

- Reversible Lightning connectors allow plugging in any direction
- MFi-certified—made specifically for iPod, iPhone and iPad devices
- Manufactured to meet Apple performance standards
- RoHS-compliant designs with 2-year warranties
