

B R Y D G E 12.9

USER MANUAL

Designed For iPad Pro 12.9-inch

B R Y D G E 12.9

Thank you for purchasing your Brydge 12.9!

Additional informational videos and instructions available at
<https://www.brydgekeyboards.com/pages/product-instruction-manuals>

1 INSERT/REMOVE

Place your Brydge on a flat surface, rotate the hinges upright to 90° and insert your iPad into the hinges with the home button on the right

Lift your iPad to test the hinge grip. Your iPad and Brydge should be held firmly together

If the iPad is loose, remove and give the hinges a gentle squeeze. Repeat this process until your iPad is held firmly

To remove, hold your iPad and pull straight up, with one hand firmly holding your Brydge against a hard surface

2 POWER

To manually power on, press and hold the power key; the light will turn green for 3 seconds to indicate power

NOTE: Once paired, your Brydge will automatically wake upon opening. The power key will turn green for three seconds to let you know your Brydge is awake

To manually power off, press and hold the power key for 3 seconds; the light will turn red momentarily to indicate it's powered off

NOTE: To conserve battery, your Brydge will enter sleep mode after 20 minutes of non-use. Press any key to turn back on. Your Brydge will enter sleep mode when both devices are closed like a laptop

3 PAIR

Once the keyboard is on, press and hold the Bluetooth™ key for 3 seconds. The power key will flash blue until the keyboard is successfully paired

On your iPad, under Settings > Bluetooth select Brydge 12.9

The light on the power key will shut off to let you know the Brydge has paired and the iPad Settings will say connected

4 CHARGE

To check battery life, press and hold the battery key for four seconds. Power key will flash three times:

Green = 75-100%
Yellow = 25-74%
Red = 10-24%

When battery is 9% or lower, backlit keys will be disabled and light will flash continuously

To charge your Brydge insert the supplied MICRO USB cable into the charging port on the front right corner

NOTE: Charging can take up to 3 hours

The battery is charging when the light on the power key is red; your Brydge is fully charged when the light turns off*

*Once done charging unplug the cable and Go Do More. The battery should last up to 12 months depending on use.

ON-SCREEN KEYBOARD

Easily toggle between your Brydge and on-screen keyboard
