ThinkCentre M80t and M80s

INCREDIBLE PERFORMANCE

Incredible Performance: ThinkCentre M80t and M80s fuel the human imagination to bring ideas to life with up to Intel® Core™ i9 vPro® processors and up to four DDR4 UDIMM (2933Mhz) with up to 128G memory support.

SECURITY INSIDE AND OUT

ThinkCentre devices allow your employees to innovate fearlessly with the reinforced security of ThinkShield, the most comprehensive, end-to-end security solution on the market that combines industry-leading hardware, software, services, and processes to protect your ideas and your business. ThinkCentre M80t and M80s have built-in ThinkShield features, such as dTPM 2.0 chips and Smart USB protection, in addition to many more security features that can be customized to meet your unique needs. The Intel vPro® platform brings together the best of Intel innovations, so you can accelerate business productivity, better safeguard data and assets, and gain long-term stability. Kensington™ Lock slots, chassis e-locks, and more options provide physical security to protect against theft.

PRACTICAL EXPANDABILITY

ThinkCentre M80t and M80s offer ample HDD and SSD expansion slots that allow these desktops to grow with your business. Add graphics cards to support industry-specific imaging equipment, connect to legacy peripherals—the possibilities are endless.

PRODUCTIVITY BOOSTER

ThinkCentre M80t and M80s combine time-saving features, like Smart Power On, with features that improve productivity and ergonomic experience. These include the ability to connect to three displays and a USB-C port located on the front panel for quick and convenient data sharing and charging.

COMPREHENSIVE MANAGEABILITY

IT professionals will appreciate that ThinkCentre M80t and M80s are easy to deploy and easy to manage from both a software and hardware standpoint. Lenovo offers a variety of pre-installed OS options to meet your customization needs. Expansion is hassle-free thanks to an ease-of-use design on ThinkCentre M80s that offers quick access to the DIMM, HDD, SDD, and ODD. The Intel vPro® platform is built for business, so you have the assurance that you're getting everything you need to run productively, more securely, and cost-effectively, 24/7.

purposeful design

ThinkCentre M80t and M80s add great value to your computing experience with features like Smart Power On, which allows users to turn on the desktop using a simple keyboard shortcut. ThinkCentre M80s also comes with easy access to internal components and an optional vertical stand that raises the front of the PC for easier access to I/O ports when kept on the floor, reducing neck and back strain for users.

relentless innovation

We are inspired by our customers and what they want from our devices, and it shows in additions like fast-charge USB ports located on the front panel, Smart USB protection, and much more.

trusted quality

Lenovo's dedication to constantly improving product quality means rigorous testing for durability and reliability, which results in our products achieving one million hours mean time between failure.
