

The SanDisk logo is displayed in a bold, red, sans-serif font.A photograph of the SanDisk Desk Drive SSD in a desk setting. The device is a small, dark, rounded rectangular unit with a thin orange light strip around its base. It is connected to a computer monitor and a desk lamp. A small potted plant is also visible on the desk.

SanDisk® Desk Drive SSD

The complete desktop backup solution with HDD capacities and SSD speeds.

Introducing the SanDisk® Desk Drive — a complete desktop backup solution. Designed with the higher capacity of an HDD, but with the speed and reliability of an SSD, it's the perfect home base to quickly back up your favorite and important content. An immense capacity of up to 8TB¹ will easily hold your photos, videos, music, and important documents, and read speeds up to 1000MB/s² will help you access everything fast. With a compact design that fits naturally into any workspace, this drive helps protect your content — all in one place.

HIGHLIGHTS

- Get up to 8TB¹ capacity for your photo and video collection, music library, and important documents.
- Access your content faster, even the heaviest files like videos, with read speeds up to 1000MB/s².
- Quickly back up your files with SSD speeds, and make backups automatic with our included software³.
- Maximize your desk space with a compact design that will feel natural in any work setting.
- Simply start backing up on Windows® or Mac out of the box with exFAT formatting, using the USB Type-C™ cable.
- Enjoy the peace of mind of a 3-year limited warranty⁴ from SanDisk®, a trusted brand that supports your backup and storage needs.

SanDisk® Desk Drive

The space you need —
with revolutionary speed.
