ALL-WEATHER 4-1/2" JAW ROUND CHANNEL OUTDOOR VISE WITH SWIVEL BASE

10500

Proudly made in the USA, the All-Weather round channel vise is designed to handle the most demanding clamping applications indoors and outdoors. Unlike most vises that have a fixed center nut, the All-Weather round channel vise nut is anchored in the rear which provides straight line pull and even pressure resulting in greater durability. The round channel design also allows for a completely enclosed spindle and nut assembly keeping debris out and lubrication in for a lifetime of smooth operation. The All-Weather vise is equipped with nickel plated jaws, pipe jaws, spindle and locknuts.

FEATURES

- Self-centering nickel plated pipe jaws hold up to 3-1/2" pipe safely and securely
- Nickel plated jaw inserts-machine serrated, replaceable jaws assure a positive hold
- Enclosed construction keeps lubrication in and contaminants out. Perfect for outdoor use
- Locking swivel base-with double lockdowns for non-slip hold in any position
- Precision slide bar eliminates movement in the front jaw regardless of opened distance
- Large anvil work surface
- 60,000 PSI ductile iron body is virtually indestructible with 2X the strength of grey casted vises
- Longer spindle nut ensures a lifetime of smooth movement and straight-line pull

SPECIFICATIONS

Type	All Weather
Jaw Width (In.)	4-1/2
Opening Capacity Max (In.)	6
Throat Depth (In.)	4-3/4
Pipe Jaw Capacity (In.)	1/8 - 3-1/2
Type of Base	360 Degree Swivel
Center Distance (In.)	2-3/8
Jaw Depth (In.)	5/8
Jaw Height (In.)	1-1/4
Pipe Jaw #	2907420
Serrated Jaw Inserts #	2907430
