CHARACTERISTICS

Lens material: Polycarbonate

Lens Thickness: 2.2 mm

Frame Material: Nylon +TPE

Base Curve: 8

b ESP

ESP combines the advantages of clear and tinted lenses in a single model. It reduces glare when passing from a shaded zone to a bright zone and very efficiently filters blue light. Ideal for people frequently moving between indoors and outdoors.

CLEANING Lenses should be cleaned regularly. Bolle Safety recommends using the B-clean lens cleaning system.

STORAGE Must be stored in a clean, dry environment. After each use, keep product in a microfiber pouch or rigid case.

REPLACEMENT If lenses or frames are pitted, scratched or damaged, the complete product must be replaced.
