

Reinforced Hycar for rugged wear

- These poly/cotton-reinforced aprons feature a 17-19mil Hycar nitrile blend on poly/cotton backing with sewn edge finish and offer users a tough combination of chemical splash protection and flexible comfort even in cold conditions
- 2 piece 48 inch ties and sealed grommets provide a durable, consistent and adjustable fit on all sizes and styles
- 56-500 series aprons are designed for rugged wear, and are both durable and cost effective

Industries

- Chemical processing
- Food processing
- Medical laboratories
- Natural gas
- Pharmaceutical
- Research laboratories

Applications

- Chemical processing
- Food processing
- Industrial maintenance
- Meat packing

Key Features

Reliable Protection

- Wherever oil, grease and chemicals are present, Ansell aprons help workers keep clean and protected from harmful contact.
- Hycar aprons are a tough nitrile blend, ideal for grease and animal fats. They are also excellent in cold conditions.

Durable

- The Hycar construction is traditionally tougher and more cut, abrasion and puncture resistant than neoprene but is still flexible for the toughest jobs.
- Coated poly/cotton reinforcement is easy to clean.
- Sealed grommets allow for size adjustment without tear-out.

Comfort and Selection

- Bib styles in two colors with adjustable ties ensure optimal fit for a wide range of users.

56-510
