

//BETENACIOUS//TM

2017 WORKBOOK: 34 YEARS OF TENACITY

NOTHING SOLD SEPARATELY.

Enough with the caveats, prefaces, qualifiers, and quid pro quos – right? And don't get us started on “in-app purchases.” We just want to play Pokémon Go in peace. Is that too much to ask? Okay, we're not actually serious on the pocket monster, but really, is it that hard to say what you mean and mean what you say? What happened to one-stop shops, renaissance men, and batteries included? Well, friends, you now hold in your hands evidence that those ideas... those ideals, rather, haven't been put out to pasture just yet.

Since we planted our flag in 1983, we've stood ready and able to meet your needs, handle your business, and keep you and yours in one piece out there on the job. All without the tiny footnotes or pesky fine print* to trip you up; cause that ain't our style. Nope. We're all about a safer day at work. Genuine. Authentic. True. Period.

If, like us, you long for the days when your word was your bond and you didn't have to haggle over rust-proofing, service plans, or paying extra for fries, then you've come to the right place. Here, you won't have to look in a separate aisle to find our determination to innovate; our attention to detail and craft; our execution honed by decades of experience and care; or (dare we say) our stunning good looks. Believe it or not, this whole package comes standard in every box.

Take that mad, mad, mad, mad world.

*gotcha

PPE: PROTECTION. PRO

**THREE PRODUCT PILLARS, ONE PURPOSE.
MAKE THE WORKPLACE A BETTERPLACE.™**

Is there anything sadder than Thanksgiving dinner with no cranberry sauce? Maybe the '85 Bears without William 'Refrigerator' Perry? Or, best one yet: Cheers without Mayday Malone? Point is, harmony is only achieved when the parts all fit together. Remove one element and you're left eating dry turkey, my friend. It's in this spirit of harmoniousness that we endeavor to provide you with a sweet song of PPE. These are the three pillars of safety upon which our Tenacious Work Gear® is built. Remove one pillar and the edifice comes crashing down which, you know, would be bad. We strive to provide Protection, increase your Productivity and help you to manage the Elements you face daily in fields, mines, factories, warehouses, towers, and roadways ... We've put these interconnected safety pillars together to form a more perfect union and guarantee that you'll be covered from every angle no matter what your bailiwick may be. You can trust that our years of expertise, drive, and innovation, combined with leading edge technology, will guide you to peak PPE performance. Let's Make the Workplace a Betterplace™.

DON'T BE THAT GUY (OR GAL.)

YOU AND THE ERGO WORKBOOK.
A LESSON IN USAGE.

Who doesn't fall for the lovable old crank who proudly owns no cell phone and calls it Tweeter? It's cute. But you don't have to be that guy to appreciate 200+ pages of embossed, glossy goodness designed to get dog-eared. This hot off the presses, glorious guide will help you navigate our product pages better than a GPS on a bluebird day. Less a table of contents, more a table of context. And if you want to be a 21st Century Digital Boy, visit our new website on any device for current company info, fresh social media posts, and the full skinny on all our gear. You won't find this at the library next to the rack of newspapers either. Some things don't belong on a stick.

MODEL NUMBER

If we remember correctly it goes Kingdom, Phylum, Class, Family, Order, Genus, Model Number. Right?

TECH TAGS

Sure, it looks cool. But what does it do? Use our handy tech tag icons and wonder no more.

// PATENT PENDING

PATENT DESIGNATOR

Thomas Edison had 1,093 of these bad boys.
We're hot on his tail.

ERGODYNE IN PIXELS:

AC/DC, Lithium Ion ... however your device is powered ... know that it longs to use that energy on the Ergo website. Full product info, Tester reviews, video content. It's all here. Oh yes it is. Enjoy.

ERGODYNE IN PRINT:

Here's the long and short of Ergo info presentation in the beloved workbook. Learn it. Live it. Love it.

ORDER MULTIPLE

You're ordering by the case, my friend. Check here for case quantities and minimum order requirements.

PRODUCT NAME

What's in a name? How about trust, reliability, quality, integrity, accountability, notoriety, recognition? Must we go on?

PRODUCT PHOTO

Our gear is ready for its close-up, Mr. DeMille. And we've made sure to get its good side.

SPECIAL SHOUT-OUTS

If a product meets the requirements of ANSI, ASTM, or any other industry standard, we'll display those badges as proudly as a Boy Scout.

FEATURES & BENEFITS

If it can withstand the freeze, block out the sun, or lay golden eggs, we'll let you know about it.

ITEM NUMBERS

Item Numbers – the universal language. Use these to speak our native tongue and get exactly what you need.

ERGODYNE IN THE FIELD:

What good is a product that doesn't go out and get up? Our Tenacious Testers™ are real-world users that evaluate our gear and tell us how they really feel. Look for these sidebars throughout the workbook.

OFFICIAL PRODUCT REVIEW

unscripted • unbiased • unabashed

TESTER: TRAVIS BURKE

PRODUCT: 922CR

"I've been using the 922CR gloves during assembly, test and disassembly of our tools. This testing involved handling parts at elevated temperatures and exposure to oil, grease and water. I've found that with the nitrile dipped palm I am still able to handle smaller parts well and I have a good grip even when the gloves are wet from grease and oil. These gloves are definitely a good product."

ONE WORD REVIEW: GRIP

THE TENACIOUS NATION NEEDS YOU. ENLIST NOW.

Wanna join the corps? We call 'em Tenacious Testers™. Our exclusive field-testing program specifically designed for those who are grinding it out in the trenches each day (desk jockeys and merchandise slingers need not apply). If accepted into our elite and limited tenacious ranks you'll receive product to test – but this ain't no free lunch. Learn more at Ergo.Zone/TTenlist

FRESH SQUEEZED DIGITAL GOODNESS

After a few (dozen) fortnights, our NEW! responsive-design website is live and in living color (a glowing PANTONE 1655 C, natch). Our humble new web home is easy enough for a troglodyte to navigate on any device – read: no more pinch-and-zoom! On www.ergodyne.com, you can get the full scoop on all of our gear, stay hip on all tenacious happenings (check out our blog!), and so much more. Move over, Huff Post, www.ergodyne.com is trending.

TECH TAGS

PERFORMANCE AND REGULATORY TAGS

The ancient Egyptians communicated via an intricate system of pictograms known as hieroglyphics. With this system, they wrote histories, conquered many lands, and completed the ultimate pyramid scheme. All while walking sideways! Consider our tech tag system a humble nod to those sun-worshipping ancients. Check the key for all the performance and regulatory characteristics of our Tenacious Work Gear®.

SOMETHIN' SPECIAL JUST FOR YOU

Roll out the red orange carpet and call the paparazzi, 'cause Ergodyne's SWAG supply is enough to turn golden Ozzy green with envy. But don't worry, we'll spare you the pencils and pepper spray - only the best for you, beloved safety warrior. If you bleed orange and live tenaciously day in and day out, this stuff is meant for you. But don't hog it all - share it like an ice cold Coke on a warm summer's day, make a friend or three dozen. Pass out the pens, and let the good times roll.

NEW FOR '16 ANSI/ISEA 105-2016 IS THE U.S. STANDARD FOR GLOVE TESTING

NEW ANSI CUT TEST: ASTM F2992-15

TDM (TOMODYNAMOMETER) MACHINE PULLS A BLADE IN 20MM PATHS ACROSS GLOVE SURFACE UNDER VARIOUS GRAM LOADS AND MEASURES THE WEIGHT NEEDED TO CUT THROUGH

ANSI 105 PRE-2016

NEW ANSI 105-2016

REVISION IN PROCESS EN 388:2016 IS THE EU STANDARD FOR GLOVE TESTING

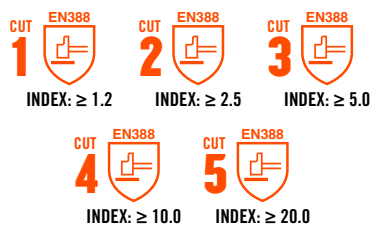

EN 388:2016 IS ALSO REFERENCED GLOBALLY (CAN, MEX, AUS/NZ, S. AMERICA)

2016 REVISION WILL SPECIFY **TWO EN CUT TESTS: BLADE CUT & ISO 13997**

START HERE:

EN BLADE CUT: COUPE TESTER MACHINE ROTATING BLADE UNDER A FIXED WEIGHT THAT SPINS ON GLOVE SURFACE UNTIL CUT THROUGH; COMPARES RESULTS TO REFERENCE FABRIC

ISO 13997: TDM MACHINE PULLS A BLADE IN 20MM PATHS ACROSS GLOVE SURFACE AND MEASURES THE FORCE NEEDED TO CUT THROUGH IN NEWTONS

IF GLOVE MATERIAL DULLS COUPE TESTER BLADE, USE ISO 13997 CUT TEST.

ASTM & ISO CUT TESTS NOW ALLOW FOR A MORE ACCURATE COMPARISON.

DIFFERENTIATED BY DESIGN

RUGGED REINFORCEMENTS

Tena-Grip™ reinforcement zones on palm, thumb saddle, and fingertips resist abrasion and provide superior grip on tools and equipment.

KNUCKLE-BUSTING IMPACT PROTECTION

Sleek, patent-pending molded thermoplastic rubber (TPR) protects from “knuckle-busting” scrapes and impact while still maintaining high dexterity and flex.

PADDED PALM

EVA padded palm dampens shock and impact while abrasion resistant Tena-Grip™ palm provides superior durability and grip.

MOLDED HOOK & LOOP CLOSURE

Molded TPR closure keeps debris out and glove secure as well as provides a place to write your name or initials.

PROFLEX®
TRADES GLOVES:
STANDARD AND "+"

All ProFlex® Trades Gloves are designed to perform and built to last. But sometimes, the job requires that little extra somethin' to help handle your specific hazard. Technical adds like + Touch Screen and + Cut Resistance are found across the line with a color-coded system to show you the way.

ProFlex® Trades Gloves are tested to the world's most exacting glove standards. All models are CE marked and tested to EN 388 for mechanical risks. Gloves featuring + Cut Resistance are also tested and classified according to ANSI/ISEA 105.

STANDARD TRADES

The tried-and-true originals. Choose a Standard Utility or Heavy-Duty option, full-finger or framing config. Look for orange accents and know you've got the best of the basics.

MODELS:
710 // 720 // 760 // 810 // 812 // 815 // 820 // 821 // 860 //

+HI-DEX

It's all about control and feel with this glove. A super-thin (50% thinner than Standard) yet durable, abrasion resistant palm provides maximum dexterity. Look for yellow accents when no job is too tall or too small.

MODELS:
811 //

+TOUCH SCREEN

In today's workplace, the touch screen device has become another tool of the trade. Touch screen-capable palms and fingertips allow you swipe, tap, and type while staying protected. Look for green accents and you're money ... Silicon Valley money.

MODELS:
710TX // 812TX //

+CUT RESISTANCE

When sharp edges and cut hazards crank up the intensity level, turn to ProFlex® Trades Gloves. Armortex®-backed palms with or without reinforcements provide protection in the toughest applications. Look for red accents for no red accidents.

MODELS:
710CR // 812CR //

+GENUINE LEATHER

Want a softer, natural feel without sacrificing protection? ProFlex® Trades Gloves with genuine leather deliver all the features of their standard counterparts but with supple genuine leather reinforcements. Look for tan accents for an old-school look that still packs a punch.

MODELS:
710LTR // 720LTR //

PROFLEX® GLOVES:

TRADES SERIES

DIFFERENTIATED BY DESIGN

MAXIMUM DEXTERITY

Designed for flex and feel, high dexterity comes standard or choose the super Hi-Dex for maximum tactility.

BREATHABLE MESH

Comfortable, breathable mesh construction provides excellent dexterity and flexibility.

TECHNICAL OPTIONS

Choose TX touch screen capability, enhanced cut protection, or an out-of-this-world smooth surface gripping option.

812

SECURE FIT

Low-profile molded closure keeps gloves secure; QuickCuff™ option provides easy on/off.

PROFLEX® GLOVES:

DORSAL IMPACT-REDUCING SERIES

DIFFERENTIATED BY DESIGN

MAXIMUM IMPACT PROTECTION

All new, patent-pending protection scheme combines full-coverage thermoplastic rubber (TPR) armor with segmented foam padding for complete protection.

SUPERIOR DEXTERITY

Strategically located flex grooves within armor and foam ensure protective gloves also provide the dexterity and hand function needed to remain worn during detail work.

DURABLE GRIPPING PALMS

Choose abrasion-resistant AX Suede™ dot gripping material with Armortex® reinforcement, rugged Tena-Grip™ or a specialized dual-layer, flexible winter gripping palm configuration.

CUT PROTECTION

Choose a fully Armortex®-backed dot gripping palm (EN Blade Cut 5; ANSI/ASTM A3) or cut-resistant knit option for enhanced protection in the toughest applications.

OFFICIAL PRODUCT REVIEW

unscripted • unbiased • unabashed

TESTER: TRAVIS BURKE

PRODUCT: 922CR

“I’ve been using the 922CR gloves during assembly, test and disassembly of our tools. This testing involved handling parts at elevated temperatures and exposure to oil, grease and water. I’ve found that with the nitrile dipped palm I am still able to handle smaller parts well and I have a good grip even when the gloves are wet from grease and oil. These gloves are definitely a good product.”

ONE WORD REVIEW: GRIP

PROFLEX® GLOVES:

THERMAL SERIES

DIFFERENTIATED BY DESIGN

TOUCHSCREEN-CAPABLE

All Thermal Series Gloves feature touchscreen-capable thumb and index finger reinforcements.

REFLECTIVE ACCENTS

Stay visible in the dark winter months with reflective back-of-hand accents.

THUMB WIPE

Super-soft thumb zone comfortably wipes sweaty brows and runny noses.

DUAL-ZONE 3M™ THINSULATE™ INSULATION

Nearly 15% warmer than previous versions, most ProFlex® Thermal Series Gloves utilize 70g lofted 3M™ Thinsulate™ Insulation on the back of the hand for extra warmth and 40g on the palm to maintain dexterity.

819WP

WATERPROOF TECHNOLOGY

Many Thermal Series Gloves feature a breathable waterproof, windproof insert or choose revolutionary OutDry® bonded membrane technology.

PROFLEX® KNEE PAD GEL TECHNOLOGY

INJECTED GEL TECHNOLOGY (342, 344, 345, 355)

INJECTED GEL PROVIDES:
 Increased Wearer Comfort
 Improved Worker Productivity
 (Work longer in greater comfort)
 Enhanced Knee Pad Durability
 (Gel does not slide and wear)

LIGHTWEIGHT GEL TECHNOLOGY (347, 357, 367)

LIGHTWEIGHT GEL PROVIDES:
 Reduced Wearer Fatigue
 Lightweight Comfort
 Gel Performance at an Exceptional Value

OFFICIAL PRODUCT REVIEW

TENACIOUS TESTER™
APPROVED

unscripted • unbiased • unabashed

TESTER: JASON HESS

PRODUCT: 347

“Can they take a beating? They’re built to last! From the stitching to the buckles they are quality, and it shows. The material that makes up the contact face of the knee pad is perfect, not near perfect, not close to, but PERFECT! I have used them on wood decking, concrete floors, steel beams, dirt, stone, just to name a few and it has held up beautifully. A couple scuffs here and there to let the Mrs. know you’ve been working but other than that they look brand new.”

ONE WORD REVIEW: PERFECT

THE AVERAGE COST FOR EFFECTIVE, HIGH QUALITY KNEE PROTECTION IS \$30 PER EMPLOYEE. YOU'LL SPEND BETWEEN \$1,000-\$3,000 ON A KNEE INJURY MRI IN THE U.S. *QUORA

STANDARD SERIES

DIFFERENTIATED BY DESIGN

CLOSURE OPTIONS

Select non-marring hook and loop closures or infinitely variable buckles that will not snag on carpet or pick up grime. Both closures adjust quickly for a comfortable fit.

300HL

MULTIPLE CAP STYLES

Choose the right cap for the application. Whether you want to rock, lean, slide, or stay stable, there are many cap sizes and shapes to choose from.

NBR FOAM PADDING

Inside the 840D nylon fabric cover is 12mm NBR foam padding cut to hug the knee for superior cushioning and kneeling comfort.

PROFLEX® KNEELING PADS:

KNEELING PAD SERIES

DIFFERENTIATED BY DESIGN

NBR FOAM

Made from high density NBR foam that won't bottom out for long-lasting support and comfort.

BEVELED EDGE AND SAFETY ORANGE STRIPING

Beveled edge and safety orange striping on certain models for visibility of the worker and kneeling pad.

PETROLEUM RESISTANT AND SILICONE-FREE

High-quality foam will not break down in the harshest of applications; silicone-free allows for safe, non-corrosive usage.

CONVENIENT HANDLE

Handle cut-out for easy carrying and convenient for hanging storage.

PROFLEX® SUPPORTS:

WRIST SUPPORT SERIES

DIFFERENTIATED BY DESIGN:

ANTI-ODOR TREATMENT

Body-side surfaces are treated to eliminate odor-causing bacterial growth.

OPEN-CENTER STAY™

Patented design includes open center to reduce pressure on median nerve while the contoured design follows the wrist's natural shape.

ELASTIC OR NEOPRENE CONSTRUCTION

Depending on how much support is needed, choose between neoprene or woven elastic wrist supports with straps that limit flexion or extension movements.

GLOWEAR®
HI-VIS APPAREL

**SHINE ON YOU
CRAZY DIAMOND.**

GLOWEAR® HI-VIS APPAREL

Working third shift on I-90. Crawling below the Earth's crust on the hunt for the next mother lode. Dangling from a high-tension wire amid a citywide blackout. It's at these moments that you need to be visible. Highly visible. To avoid drama on the job, outfit yourself in our ANSI-compliant GloWear® Line and become a beacon unto others.

ANSI'S GENERAL THEORY OF CONSPICUITY

MUCH KNOWLEDGE IS
CONTAINED IN A SIMPLE
EQUATION: 2 + E = 3!

You can obtain Class 3 compliance in one of two ways. The most obvious is to buy an ANSI 107 Class 3 compliant garment. The less obvious—but more popular route—is to wear a Class 2 garment (usually a vest) and pair it with Class E compliant bottoms. Either way, you are clearly high class.

GLOWEAR® HI-VIS APPAREL:

SHIRT SERIES

DIFFERENTIATED BY DESIGN

MOISTURE WICKING TREATMENT

Wicking fabrics move moisture away, dry fast, and keep you comfortable in all temperatures.

COMPLIANT MATERIALS

GloWear® Hi-Vis Apparel is made of ANSI-compliant reflective and back-ground materials to ensure the highest performance.

HEAT TRANSFER REFLECTIVE MATERIAL

Every square inch meets the ANSI 107 standard, flexible heat transfer material for maximum comfort.

GARMENT DESIGN OPTIONS

With polyester breathable knits and polyester polar fleece, polos, T-shirts or sweatshirts, you've got options!

OFFICIAL PRODUCT REVIEW

unscripted • unbiased • unabashed

TESTER: ANTHONY GERMANA

PRODUCT: 8393

“Great sweatshirt. Holds up under harsh material like rebar, large electrical conduit, etc. I had a lot of mobility also the temperature fluctuated each day and I was comfortable. All the other trades asked me about the clothes and where to get them. I would recommend this sweatshirt to any and all trades.”

MAKE IT CUSTOM!

HERE'S THE DRILL: CUSTOM LOGO PROGRAM

Because we have so many options and styles of products available to custom logo, we can do almost anything.

YOU GIVE US:

- Suitable digital art files or camera-ready artwork. (EPS-format files work best but large, hi-res TIF or JPG files [300+ dpi] work too.)
- All necessary PMS/Pantone colors.
- Approval of a digital mock-up.

WE GIVE YOU: A product with a look all your own.

Minimums vary based on the type of product. Don't worry, it's low.

Call Ergodyne Customer Support today to answer all of your custom logo questions ... We'll make it easy for you to look good!

GLOWEAR® HI-VIS APPAREL:

FOUL WEATHER SERIES

DIFFERENTIATED BY DESIGN

8385 4-IN-1 JACKET

COMPLIANT MATERIALS

GloWear® Hi-Vis Apparel is made of ANSI-compliant reflective and background materials to ensure the highest performance.

3M™ SCOTCHLITE™ REFLECTIVE

3M™ Scotchlite™ glass bead reflective tape meets the ANSI 107 standard and improves visibility of the worker.

BREATHABLE PU COATING

Breathable PU poly shell keeps water out while letting perspiration escape for warm, dry comfort.

VERSATILITY

GloWear® Hi-Vis Apparel is made with flexibility and versatility in mind. 4-in-1 jackets allow you to dress for the weather.

OFFICIAL PRODUCT REVIEW

TENACIOUS TESTER™ APPROVED

unscripted • unbiased • unabashed

TESTER: TYLER BORTZ

PRODUCT: **8365BK**

“This rain jacket is one of the best jackets I have every used. I have used this jacket in light mist situations to heavy down pours and it keeps me dry. This jacket even works well if the weather is just a bit cool and you need something to keep the chill out. Overall this jacket is very nice and is a great addition to keep in the truck in case the weather takes a turn for the worst. Good work Ergodyne!”

MAKE IT CUSTOM!

HERE'S THE DRILL: CUSTOM LOGO PROGRAM

Because we have so many options and styles of products available to custom logo, we can do almost anything.

YOU GIVE US:

- Suitable digital art files or camera-ready artwork. (EPS-format files work best but large, hi-res TIF or JPG files [300+ dpi] work too.)
- All necessary PMS/Pantone colors.
- Approval of a digital mock-up.

WE GIVE YOU: A product with a look all your own.

Minimums vary based on the type of product. Don't worry, it's low.

Call Ergodyne Customer Support today to answer all of your custom logo questions ... We'll make it easy for you to look good!

SKULLERZ®
EYE PROTECTION

**MILITARY INSPIRED.
WORKPLACE REQUIRED.
WEEKEND DESIRED.**

SKULLERZ® EYE PROTECTION

Triple threat? Happens every day, usually before lunch. Triple compliance? Certainly not your ordinary eye protection. Norse God-named, full- or half-framed, our sweet Skullerz® Safety Glasses have your back from workplace to weekend and everywhere in-between – with ANSI compliance across the board, MIL-PRF ballistic impact protection that comes standard, and CSA compliance on a full five models. Each one boasts UV protection, scratch resistance, lightweight frames, and a host of condition-specific lenses. With options for inherent, permanent Fog-Off™ anti-fog technology or polarized premium lenses to reduce glare, you now have eye protection that works as hard as you do. Your move, James Brown.

Impact Steel Ball

IMPACT: HOW FAST IS FAST?

Another day at battle is always unpredictable and might be full of the slings and arrows of outrageous fortune. Whatever the job throws, shoots, or flings, it's essential to be ready for action. Luckily, you chose Skullerz® Eye Protection. From dangerous tools to everyday dust and debris, you can count on Skullerz® Safety Glasses for tested, proven protection. We'd still watch out for that rogue barbarian though.

Pneumatic Nail Gun	490 ft. // 149m sec
Nolan Ryan Fastball	148 ft. // 45m sec
Catapult	843 ft. // 257m sec

SKULLERZ® EYE PROTECTION:

THE ANATOMY OF EYE DEFENSE.

DIFFERENTIATED BY DESIGN

When you're on the job, there's no time to wonder if your specs meet the specs. All Skullerz® Safety Glasses are third-party tested to meet ANSI Z87.1, the U.S. eye protection standard, and marked with a "+" to denote High Velocity Impact Protection. Select Skullerz® also meet the requirements of CSA Z94.3, Canada's national standard for eye protection. CSA compliance requires spectacles to have slightly more coverage than those meeting only ANSI Z87.1+.

Because sometimes the workzone can feel more like a warzone, all Skullerz® Safety Glasses also meet U.S. MIL-PRF 32432 Ballistic Impact Protection requirements. This test requires protection from a high velocity impact of more than 4X what ANSI or CSA mandates. Stand and deliver.

TESTED TO THE FOLLOWING STANDARDS:

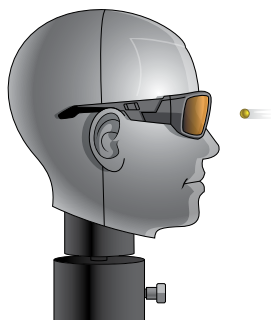

// ANSI Z87.1+

// CSA Z94.3
Select Models// MIL-PRF 32432
BALLISTIC IMPACT**TESTED ON DUMMIES BECAUSE YOU AREN'T ONE.**

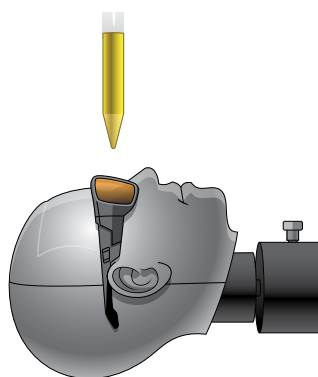

All Skullerz® models are independently third-party tested at COLTS Laboratories.

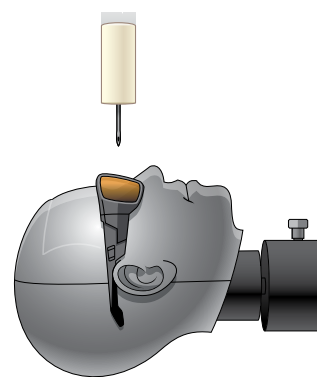

COLTS | Laboratories™

**High Velocity Impact Test**
Simulates Flying Debris

ANSI Z87.1+:	150 ft./sec
CSA Z94.3:	46.5 m/sec
MIL-PRF 32432:	660 ft./sec // 201m/sec

**High Mass Impact Test**
Simulates Blunt Force

ANSI Z87.1+:	18 oz. steel missile dropped from 50 in.
CSA Z94.3:	—
MIL-PRF 32432:	Follows ANSI Z87.1+

**Penetration Resistance Test**
Simulates a Poke in the Eye

ANSI Z87.1+:	Weighted needle dropped from 50 in.
CSA Z94.3:	—
MIL-PRF 32432:	Follows ANSI Z87.1+

IN ALL TEST SCENARIOS FOR ALL STANDARDS, LENSES AND FRAMES MUST STAY INTACT AND NOT BREAK OR SHATTER.

NON-POLARIZED LENS

DARE THE GLARE Polarized lenses utilize a special filter coating to block out reflected light from below and glare from above, allowing only direct light to enter the field of vision, making them a great choice for applications around water, shiny equipment, or anywhere glare and reflection elimination are key to safety and comfort. Choose from polarized smoke, polarized copper, or polarized G15 (a unique and soothing green tinted lens first developed for the US Air Force). You can see clearly now the glare is gone.

TYPICAL LENS

GO ON, FOG-OFF™ For those applications with extreme temperatures (and drastic changes in temperature), maintain a clear field of vision by choosing clear or smoke lenses with Fog-Off™ anti-fog technology that will not wash or wear off. Meets ATSM 659 Resistance to Fogging test requirements.

SKULLERZ® HEAD PROTECTION

Larry, Curly, and Moe made their living getting beamed in the noggin'. You don't have that luxury. That's where Skullerz® Head Protection steps in to take the hit. You may get fewer laughs but trust us, it'll be worth it. All models feature thermo-formed foam padding inside a removable, patented shell, and a smooth lid with mesh venting for that comfy covert fit. Available in micro brim, short brim, and baseball brim-styling, there's even a built-in LED option. Put it on, you lunkhead.

HEAD PROTECTION // BUMP CAP SERIES

SKULLERZ®

HEAD PROTECTION

SKULLERZ®:

BUMP CAP SERIES

DIFFERENTIATED BY DESIGN

PATENTED SHELL

Flanged shell flexes for fit and comfort while ribs provide stability and support; innovative ventilation system allows the shell to breathe.

COOL LID

Choose from 80mm, 50mm or 30mm (30mm in 8950 only) brim lengths in a variety of color options, all with mesh venting panels and reflective accents.

EN 812 COMPLIANT

All Skullerz® Bump Caps are tested and certified to the rigorous criteria of EN 812, the world's only bump cap standard.

8960

LED LIGHTING TECHNOLOGY

Enhance worker productivity and ditch the bulky headlamp for 4 super-bright in-brim LEDs.

INNOVATIVE CLOSURE

Elastic hook and loop closure stretches and is angled to provide a snug, secure fit.

FOUR SIMPLE STEPS TO SAFER WORK.
OBJECTS AT HEIGHTS

PLAN YOUR WORK.

TRAPPING

Trapping refers to retrofitting a connection point onto a tool for a safer attachment point. Most tools do not come with a secure attachment point built into the tool. In these situations, a secure attachment point must be created.

ONE STEP TOOL TRAPS

TWO STEP TOOL TRAPS

TETHERING

Once all tools have a connection point the appropriate tethering solution can be selected. Consider the following factors to select the appropriate solution: weight of tool, type of connector(s) on lanyard, clearance, reach, and snag hazard.

WRIST LANYARDS

RETRACTABLE LANYARDS

COILED LANYARDS

SHOCK ABSORBING ELASTIC LANYARDS

SPECIALTY LANYARDS

WORK YOUR PLAN.

TOPPING

There are different ways of transporting equipment to heights and a variety of containers used to store the equipment while in transit. Regardless of what container is used, there are three critical best practices: hands-free climbing, closed container, and weight rating.

CARRYING

AT HEIGHTS TOOL RIG:

- 5517
- 5527

HOISTING

BUCKET:

SQUIDS[®]
LANYARDS & WORKSITE ORGANIZERS

**LOVE STINKS
BUT GRAVITY HURTS.**

SQUIDS® LANYARDS & ORGANIZERS

An apple dropping from a tree during a mathematician's summer idyll in the English countryside is one thing. Sledgehammers plummeting 40 stories onto a busy worksite is a recipe for an ambulance. Spare yourself that sinking feeling with our smorgasbord of lanyards and organizers. Squids® Lanyard and Organizers trap, retract, extend, and secure your gear, so it's always in the last place you left it.

TOOL TETHERING KITS

RETROFIT CONNECTOR VARIETY

We study and teach tool anatomy to give you options for retrofit connection points on tools that need 'em. One-step Tool Traps™ with built in connection points attach directly to the tool. Two step systems use a Tool Tail™ to capture a Tool Tail™ connection to the tool.

DIFFERENTIATED BY DESIGN

THIRD-PARTY CERTIFIED WEIGHT RATINGS

Third-party certified with a safety factor of 2:1 to ensure the utmost in security. Connector systems applied with more than one component are tested and certified together as a system. We don't have to but we do!

FUNCTIONAL MATERIALS AND DESIGNS

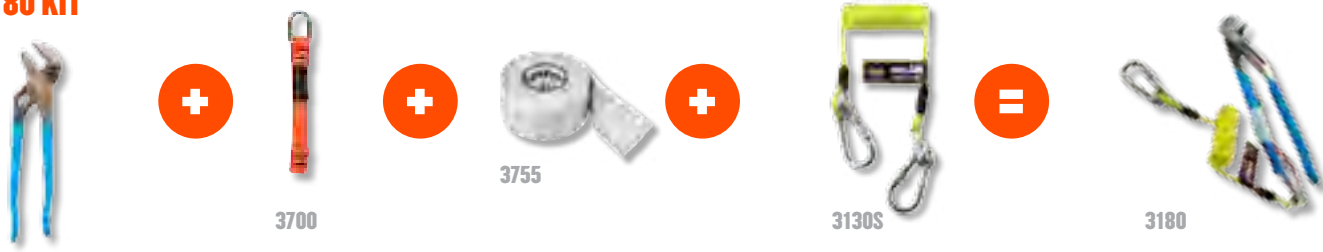

Squids® Tool Connectors are designed to NOT sacrifice your tool's primary use. Tool Traps™ and Tool Tails™ can be placed on the tool leaving mission critical parts of the tool ready to use. Specialty materials enhance grip and do not leave messy adhesives or residue on your tools.

TETHERING SOLUTIONS: PUTTING THE KIT TOGETHER.

If more than three decades in the industry has taught us anything, it's that convenience is king when it comes to safety measures. With that in mind, we've put together six popular "ready-to-go" tethering kits for common job site tools. They're designed to be easy to choose and easy to use, so you have no excuse to be too legit to kit. You don't have to be Pythagoras to do the math either: Tool + Tail/Trap + Tether = a tailor-made solution to help you slow gravity's roll.

SQUIDS® LANYARDS:

ATTACHMENT SERIES

DIFFERENTIATED BY DESIGN

SECURE HARDWARE

Fully enclosed plated hardware has no weak point. Made of durable metals that last, they are not bent or welded giving you confidence in the security of your retrofit connection.

THIRD-PARTY CERTIFIED WEIGHT RATINGS

Third-party certified with a safety factor of 2:1 to ensure the utmost in security. Connector systems applied with more than one component are tested and certified together as a system. We don't have to but we do!

DURABLE SYNTHETIC MATERIALS

Squids® Tool Tails™ and Tool Traps™ are made with high tensile strength webbing and abrasion resistant fabric to hold up in the toughest applications and prolong the life of the connector.

RETROFIT CONNECTOR VARIETY

We study and teach tool anatomy to give you options for retrofit connection points on tools that need 'em. One-step Tool Traps™ with built in connection points attach directly to the tool. Two step systems use a Tool Trap™ to capture a Tool Tail™ connection to the tool.

FUNCTIONAL MATERIALS AND DESIGNS

Squids® Tool Connectors are designed to NOT sacrifice your tool's primary use. Tool Traps™ and Tool Tails™ can be placed on the tool leaving mission critical parts of the tool ready to use. Specialty materials enhance grip and do not leave messy adhesives or residue on your tools.

SQUIDS® LANYARDS:

TOOL & EQUIP. LANYARD SERIES

DIFFERENTIATED BY DESIGN

DURABLE LANYARD BODY

Whether high tensile strength webbing, reinforced stitching, or aircraft cable, Squids® Tool and Equipment Lanyards are made to hold up to the environment as well as a drop within it.

THIRD-PARTY CERTIFIED WEIGHT RATINGS

Third-party certified with a safety factor of 2:1 to ensure the utmost in security.

CAPTIVE EYE CARABINERS

Carabiners are designed with captive eyes to catch and hold webbing so it doesn't interfere with the connector's gate and will never be removed.

3100 F(x)

CARABINER VARIETY AND SECURITY

A variety of carabiner options give you what you need for your environment - lightweight aluminum, stainless steel, non-locking, and self-locking are some of the options available to give you jobsite flexibility.

SHOCK ABSORBING PROPERTIES

Stretch cord models exhibit shock absorbing properties limiting the force the body or other anchoring points feel when a drop occurs.

MAY THE FORCE NOT BE WITH YOU...

Ergodyne Squids® Tool Lanyards are scientifically engineered to reduce drop forces and prevent workers from being pulled down when they drop an object. When you choose an Ergodyne lanyard, you're choosing superior materials and performance developed and tested (hundreds of times) to be the best – hands down. As you can see below, the results speak for themselves. Don't believe us? Visit www.ergodyne.com and click the WATCH tab to see this drop test with your own eyes. No smoke and mirrors here.

OFFICIAL PRODUCT REVIEW

TENACIOUS TESTER™
APPROVED

unscripted • unbiased • unabashed

TESTER: KIRK MEYER

PRODUCT: 3150

“First off, I believe this is one of the gutsiest pieces of PPE out there (for now)! The bright yellow, makes it easy to find among all your other gear. This lanyard has some very practical applications too, one of which I saw just last week; a laborer bumped his head on some rebar, and his hard hat fell splat - into wet concrete.”

ONE WORD REVIEW: PRACTICAL

ARSENAL[®] GEAR STORAGE

**ALL YOUR BAGS ARE PACKED,
YOU'RE READY TO GO...**

ARSENAL® GEAR STORAGE

If you're a graduate of the School of Hard Knocks, then you know your gear won't make it very far in just any old bag. So say goodbye to your run-of-the-mill duffels and say, "whoa" to Arsenal® Gear Storage. These packs, duffels, and buckets are designed, equipped, and tested to handle the toughest curriculum out there: life. Whether you're hoisting, holding, or rolling, ask yourself, "What's in my Arsenal®?"

ARSENAL® GEAR STORAGE:

FIRE & EMS SERIES

DIFFERENTIATED BY DESIGN

ADJUSTABLE PADDED SHOULDER STRAPS

All Arsenal® Fire and Equipment Bags come with removable shoulder straps that adjust to your preferred length and include a shoulder pad for carrying.

HEAVY-DUTY ZIPPERS

Industrial grade double-pull zippers with improved pull tabs mean reliability and performance over the long haul; double-pulls also allow secure locking.

HEAVY-DUTY FABRICS

Abrasion resistant woven fabrics with water resistant backing; some styles offer reinforced tarpaulin base fabric to take on the wear and tear you put it through.

SIZE

Arsenal® Fire and Equipment Bags offer the size you need for all your turnout gear, tower gear, or whatever else you need to haul.

LOGO READY

Maltese cross or other logo can be applied to any bag.

BELT & ACC. SERIES

DIFFERENTIATED BY DESIGN

BELT LOOP ATTACHMENT

Belt loop on back of pouch easily attaches to your belt or fall protection harness, allowing for easy customization to your preference.

NICKEL-PLATED HARDWARE

Nickel-plated hardware is abrasion and corrosion resistant.

DURABLE FABRICS

Heavy-duty woven and tarpaulin fabrics are extremely abrasion resistant.

NICKEL-PLATED STORM DRAIN™

Patented Storm Drains™ keep tools and fasteners ventilated and dry; nickel plating is corrosion resistant to last over the long haul.

D-RINGS FOR TOOL LANYARD ATTACHMENT

D-rings on the interior and exterior for easy tool lanyard attachment for all at heights and FME/FOD applications.

OFFICIAL PRODUCT REVIEW

TENACIOUS TESTER™ APPROVED 

unscripted • unbiased • unabashed

TESTER: BRETT CANTRELL

PRODUCT: 5870

“This is one tenacious tool roll! Found the inside to be water repellent. The dividers for the tool roll are all reinforced at the entry points to add to the longevity of the roll. Love that the interior is a light grey to help in tool identification, as some of the tools I use are mostly black.”

ONE WORD REVIEW: LONGEVITY

• Note: tools and supplies not included... Duh!

THE TENACIOUS NATION NEEDS YOU. ENLIST NOW.

Four out of five denizens of the Danger Zone-approved. Here, testing the performance of our products is mission critical. So we're enlisting the services of pros like you to give our stuff a run for its money. Once beaten and mashed, we want the straight dope, so we can improve and continue to deliver the best work gear there is. Give us the truth —we can handle it.

Wanna join the corps? We call 'em Tenacious Testers™. Our exclusive field-testing program specifically designed for those who are grinding it out in the trenches each day (desk jockeys and merchandise slingers need not apply). If accepted into our elite and limited tenacious ranks, you'll receive product to test – but this ain't no free lunch. When you've completed your mission to test and torment our gear without mercy, we expect – nay, demand - a full debriefing of product reviews, photos and video that you'll share on our website. The better you are, the higher you'll fly in the ranks for the initiated. No glass ceilings here. Just a very special opportunity for you to reach the elite ranks and get your opinions, videos, photos, and personage posted, toasted, and respected online and out on the battlefield you call the workzone. Make us proud. Enlist now at www.ergodyne.com.

COOLING PRODUCTS

A STONE COLD CLASSIC.

CHILL-ITS® COOLING PRODUCTS

Our Chill-Its® Cooling Products are cold as ice and you better believe they're willing to sacrifice for your comfort. These babies aren't just a speed bump on the Highway to Hell, either. They're designed to give heat-related illness the cold shoulder and keep your mercury levels just the way you want them. Vests, bandanas, hydration vests, and more. If it cools you down, we're ready to order it up.

CHILL-ITS® COOLING:

THE ANATOMY OF CHILL FACTOR X.

COOLING TECHNOLOGY

Using absorbent acrylic polymers, hyper-evaporative PVA, or microfiber material – these products activate easily and quickly to provide a cooling sensation.

SUN PROTECTION

Several Chill-Its® products provide a barrier between you and harmful UV rays.

CONSTRUCTION

Absorbent materials provide super-evaporative cooling for hours by wicking moisture away from the body.

FIND OUT MORE ABOUT THE TECHNOLOGY THAT GOES INTO THE FULL LINE OF ERGODYNE COOLING PRODUCTS AT: WWW.ERGODYNE.COM

THREE DIFFERENT TECHNOLOGIES. ONE PURPOSE: KOOLIN' THE GANG.

Heat and humidity sap worker productivity. Which is why the Evaporative Series works harder than a sled dog to provide up to 4 hours of consistent cooling relief. The secret? Three different hi-tech cooling technologies: a hyper-evaporative Microfiber fabric, space age polymer cooling crystals, and an advanced PVA material that holds water without feeling heavy. Let's face it, if there was a globally recognized Bandana Towel Technology University, Chill-Its® would have graduated Magna Cool Laude with honors.

SWEET COOLING RELIEF FOR YOUR INNER GREENIE.

MICROFIBER COOLING TOWEL (MF):

Our new chemical-free, non-toxic, cooling powerhouse. Microfiber technology activates instantly when wet, whether that be water or perspiration, and wicks moisture away from the body. Soft and absorbent when dry, and when wet provides sustained cooling for hours on end.

CALL IT COOL. JUST DON'T CALL IT A CHAMOIS.

PVA COOLING TOWEL (CT):

A hyper-evaporative material that's the latest in cooling innovation, this Poly Vinyl Acetal (PVA) material retains water while remaining dry to the touch to provide sweet cooling relief on those sweltering days. Flat Earth-Society approved.

NON-ACTIVATED STATE

ACTIVATED STATE

PLUMPED UP AND READY TO WORK.

THEY PLUMP WHEN YOU CHILL 'EM!

ACRYLIC POLYMER CRYSTALS:

When soaked in cold water, these non-toxic, super-absorbent acrylic polymers expand and absorb just enough water to create a love potion #9 sensation for up to four hours. If sweet cooling sensation lasts more than four hours, please consult a physician. ☺

CHILL-ITS® COOLING:

EVAPORATIVE SERIES

DIFFERENTIATED BY DESIGN

COOLING TECHNOLOGY

Non-toxic, chemical-free material is super evaporative and feels significantly cooler than ambient air when activated.

MICROFIBER CONSTRUCTION

Woven material is lightweight, soft, and absorbent to provide all day comfort.

SUN PROTECTION

UPF 50+ provides protection from the sun's harmful UV rays.

BEHIND THE TECHNOLOGY

DRY EVAPORATIVE TECHNOLOGY EXPLAINED...

HOW DOES THE 6685 DRY EVAPORATIVE TECHNOLOGY WORK? To activate the vest, open the back cap and fill with 16oz - 20oz (400ML - 600ML) of fresh water. Distribute the water evenly from the back to the front of the vest. The vest's technology gradually releases water through evaporation to keep you cool, dry, and comfortable.

HOW COOL WILL THE VEST GET? Depending on outside temperature and humidity, the vest will cool up to 15 degrees below the ambient temperature. High humidity of 60% - 80% may reduce the cooling ability.

WHAT CAN I EXPECT FROM THE 6685 DRY EVAPORATIVE COOLING VEST? The cooling effect is based on the principles of evaporation. A lower humidity and a high airflow mean a better cooling performance. Please familiarize yourself with the local humidity and environment to better predict performance.

After wearing the vest for a period of time, the body will adapt to the cooler temperature. The vest may no longer feel as cool, however the vest is still cooling. You can compare this with the sensation of swimming in a pool. In the beginning, the water feels cool, after awhile the body will adjust to the temperature — but cooling is still taking place.

HOW MUCH WATER IS NEEDED? Enough water to saturate the membrane on the inside of the vest. Excess water can be drained through the cap, if desired. Depending on size, 16oz - 20oz (400ML - 600ML) of fresh water is needed to activate the vest.

HOW LONG DOES THE COOLING EFFECT LAST? Cooling effect can last up to 3 days.

HOW TIGHT SHOULD THE GARMENT FIT? A close fit will help you feel the cooling effect. We recommend a lightweight T-shirt underneath.

CAN THE GARMENT BE WORN UNDERNEATH OTHER GARMENTS? Yes it can, but the vest needs enough airflow to be able to evaporate the water. For example, a mesh vest will provide enough airflow for the vest to function properly, while a heavy coverall would not.

DO I NEED TO CLEAN THE INSIDE OF THE VEST? No, the membrane on the inside of the vest is treated with an antimicrobial treatment that will prevent bacteria, fungi, and other contaminations. We recommend keeping the cap closed at all times.

CAN I WASH THE PRODUCT? Yes, with the cap closed. See washing instructions on the inside of the vest.

MAKE IT CUSTOM!

CUSTOM MULTI-BANDS

Whether you are selling Multi-Bands or just handing them out like candy at a parade, adding a custom company logo or special pattern can increase brand awareness and convey whatever message your company, event, or promotion wants to deliver.

It's as easy as picking a particular print from our library or providing one of your own.* Quantities start at just six pieces and the process takes just one to three weeks to complete.

Questions about our customer logging program? Call Ergodyne Customer Support today to get answers and make your mark.

* Additional charges may apply for custom artwork.

CHILL-ITS® COOLING:

PHASE CHANGE SERIES

DIFFERENTIATED BY DESIGN

HI-VISIBILITY

Optional models with ANSI-certified fabric and retro reflective tape offer conspicuity AND cool comfort.

6215HV

FLAME RESISTANT

Optional models with inherent modacrylic fabric meets ASTM F1506 performance requirements; classified CAT 1 per NFPA 70E.

PHASE CHANGE MATERIAL

Non-toxic, non-carcinogenic dielectric substance maintains a constant 64° F // 18° C temperature.

ADJUSTABLE FIT

Elastic straps and hook and loop closures let workers adjust the fit for optimal comfort.

SHAX® WORK SHELTERS

Every now and then the elements range from inclement to apocalyptic. So if you find yourself caught short out in the wild, we give you SHAX® Work Shelters. These beauties provide a safe haven when the sun bakes, skies pour, and the wind howls. UV-blocking, PU-coated, and equipped with a roller bag, these mobile and easy to set up shelters are your go-to for relief from the wrath of the Great Outdoors.

SHELTERS

SHAX® WORK SHELTERS:

POP-UP SERIES

DIFFERENTIATED BY DESIGN

CANOPY

UV coating to block sun's rays and a PU coating to protect from the harshest elements. Double vented canopy for ventilation and easy airflow.

REFLECTIVE AND REINFORCED

Reflective accents make for great visibility during low light hours and reinforced corners provide additional durability at pressure points.

10x10 FOOTPRINT

10x10 footprint, versatile, and durable shelter that provides long lasting relief from sun, wind, and rain.

ADJUSTABLE MECHANICS

Easy adjustable features for quick, convenient height adjustment.

6000

What is CPAI-84??

CPAI-84 is a flammability specification, written by Industrial Fabrics Association International (say that ten times fast!) as a voluntary industry specification. CPAI-84 (Canvas Products Association International) standard is widely used in the industry and has been adopted by states like California and New Jersey. It provides test methods for evaluating flame resistance of fabric and other pliable materials in camping tentage. It also provides performance criteria and certification guidelines for suppliers (that's us!) and labeling requirements that identify a tent as being constructed of flame resistant material and caution against action detrimental to the flame-retardant finishes.

N-FERNO®

WARMING PRODUCTS

FEAR NO FROST.

N-FERNO® WARMING PRODUCTS

Since our ancestors decided to forego their furry coats, live indoors, and walk upright, man has been locked in a pitiless battle with Mother Nature. No holds barred, take no prisoners. N-Ferno® Warming Products have leveled the playing field and put Mother Nature (and her little toadie Jack Frost) on the ropes. And are we letting them back up? There's a cold chance in hell.

N-FERNO® HEATED CLOTHING EXPLAINED

We developed the 6490 Heated Jacket – aka, the portable furnace – specifically for those battling Hoth-like weather conditions. Uniquely designed to obviate the traditional 3-layer system, our 6490 Heated Jacket uses the power of a light-weight Lithium Ion battery to create heat where it’s needed most – the body’s core. Two heat zones on the chest and back provide three levels of customizable heat for up to nine hours at the touch of a button. Its outer shell is constructed from a water- and wind-resistant fabric to trap heat inside and make sure Mother Nature minds her own business. Multiple pockets provide sufficient storage. This comfy coat is ideal for anyone working in construction, warehousing, distribution, or outdoors needing supercharged warmth without additional bulk.

APPLICATIONS:
 Road Construction
 Heavy Construction
 Building Construction
 Iron/Steel Work
 Oil/Gas Refining
 Drilling/Mining
 Freight/Baggage
 Warehousing/Distribution
 Landscaping/Grounds

TWO HEAT ZONES

Two heat zones distribute heat to the core body regions: chest and back.

N-FERNO® THERMAL BASE LAYERS:

REDESIGNED WITH THE WORKER IN MIND.

Our newly redesigned base layers are built to lock in warmth; ideal for wearing daily in your quest to make even the harshest environments feel like Gilligan's Island.

New stretch fabric has soft brushed interior for next-to-skin comfort that offers next-level warmth.

The smooth jersey exterior ensures layering up without bunching, while the self-fabric crew neck and flat lock seams offer soft comfort against skin. The design features venting in all the right places to aid optimal core temperature maintenance. Raglan sleeves allow for full mobility and we've lengthened the back of the shirt to thwart an embarrassing crack attack. Last (but not least), new thumbholes prevent the dreaded creeping sleeve.

Innovative moisture wicking management transports perspiration away from the skin, keeping you dry even when working hard. Sweat can stink, but an antimicrobial treatment provides odor control for even longer usage.

DANGER STARTS WELL BEFORE ZERO //

Cold Stress is just as dangerous as Heat Stress — but with its sneaky symptoms, it often goes undetected until it's too late. Awareness is key. Being informed about the dangers of Cold Stress and the importance of breathing warm air can help save lives and keep workers warm, comfortable, and productive.

FROST BITE

SYMPTOMS: PALE, WAXY-WHITE SKIN COLOR; SKIN BECOMES HARD AND NUMB; USUALLY AFFECTS EXTREMITIES INCLUDING EARS AND NOSE.

RESPONSE:

- Move the person to a warm dry area and remove any wet/tight clothing that may cut off blood circulation.
- DO NOT rub the affected area, rubbing can cause skin/tissue damage.
- Gently place the affected area in warm (105°F) water. Do not pour water directly on affected area. Warming will take 25-40 mins.
- Once normal feeling, movement and color return to area, dry and wrap to keep warm.
- Seek medical attention as soon as possible.

HYPOTHERMIA

SYMPTOMS: FATIGUE/DROWSINESS; UNCONTROLLED SHIVERING; COOL BLUISH SKIN; SLURRED SPEECH; CLUMSY MOVEMENTS; IRRITABLE/IRRATIONAL/CONFUSED BEHAVIOR.

RESPONSE:

- CALL FOR EMERGENCY HELP IMMEDIATELY.
- Move the person to a warm dry area and remove any wet/tight clothing and replace with dry clothing or wrap in a blanket.
- Drink warm, sweet drinks (sugar water or sports-type drinks). Avoid caffeinated drinks.
- Have the person move their arms and legs to create muscle heat. If unable to do so, place hot packs in armpits, groin, neck, and head. DO NOT rub the person or place them in warm water.

LOW TEMPERATURE + WIND SPEED + WETNESS = INJURIES & ILLNESS

Little Danger (Caution) Freezing to Exposed Flesh within 1 Hour:

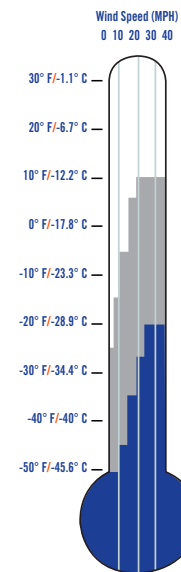

Danger Freezing to Exposed Flesh within 1 Minute:

Extreme Danger Freezing to Exposed Flesh within 30 Seconds:

Source: OSHA; www.osha.gov

When the body is unable to warm itself, serious cold-related illnesses and injuries may occur, and permanent tissue damage and death may result.

Hypothermia can occur when land temperatures are above freezing or water temperatures are below 95°F/35°C. Cold-related illnesses can slowly overcome a person who has been chilled by low temperatures, brisk winds, or wet clothing.

PICK ON SOMEONE YOUR OWN SIZE

With our sizing options, fitting in is as easy as putting on Velero® sneakers. Our Tenacious Work Gear® comes in a wide variety of sizes and styles. So put those middle school memories to rest. No more sitting alone at lunch 'cause your parents wouldn't spring for "The Rachel" or your Tamagotchi went through the wash. Size up right, here or on www.ergodyne.com.

					
ProFlex® Gloves	ProFlex® Wrist Supports	ProFlex® Wrist Wraps	ProFlex® Elbow Supports	Ergodyne® Knee Sleeves	
Measure around the palm. DO NOT include the thumb area. Use the size chart across the bottom of this page to double check your size choice.	Measure around the smallest part of the wrist.	Measure around the smallest part of the wrist.	In a relaxed position, measure around the widest area of the forearm just below the elbow. For best fit, an elbow support should sit about 2-3 finger widths below the elbow crease.	Measure around the center of the knee with the knee extended.

**ProFlex®
Back Supports**

Measure around the waist. A support should fit snugly, but not so tightly that it cannot be cinched firmly when ready to lift.

**N-Ferno®
Base Layer Bottoms**

Use standard waist size measurement.

**N-Ferno®
Base Layer Shirts**

Individually sized M, L, XL, 2XL, 3XL and follow standard sizing.

**N-Ferno®
Outerwear Jacket**

Bring tape measure around the widest part of your chest, under your arms, completely around your torso.

**N-Ferno®
Outerwear Bibs**

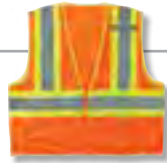

Use standard waist size measurement.

SIZE UP THE SITUATION

Improperly sized gear is a prime cause of heartache and sadness. Remember when you showed up at school wearing high-water pants? Of course that's nothing compared to the crack-tacular combination of too-short shirt and too-loose pants. Don't let these calamities occur. Your gear will be more effective and comfortable if you choose appropriate sizes.

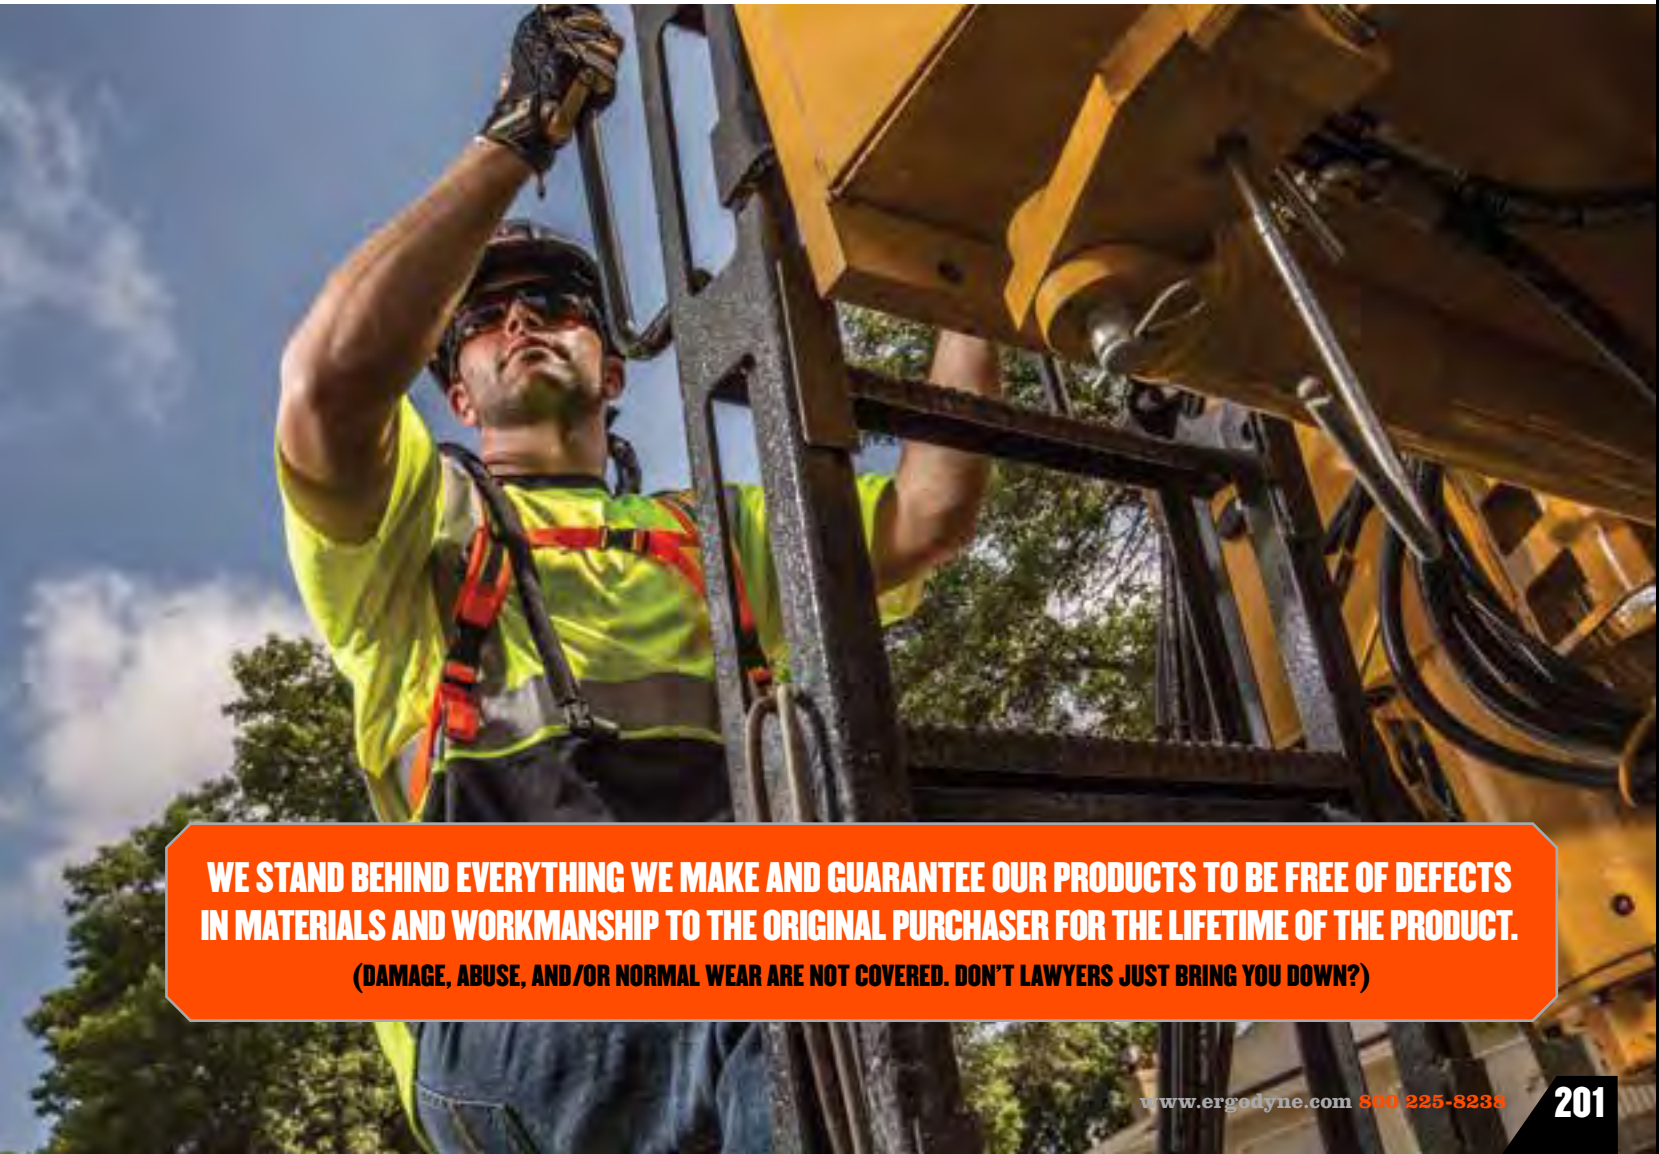

CHEST: Measurement should be taken around the fullest part of the chest with arms down, just under the arms and across the shoulder blades.

WAIST: Measure around waist (not pulling tightly) at the height you prefer to wear the waistband.

INSEAM: Take a pair of pants that fit you well and measure from the crotch to the bottom of the leg.

WE STAND BEHIND EVERYTHING WE MAKE AND GUARANTEE OUR PRODUCTS TO BE FREE OF DEFECTS IN MATERIALS AND WORKMANSHIP TO THE ORIGINAL PURCHASER FOR THE LIFETIME OF THE PRODUCT. (DAMAGE, ABUSE, AND/OR NORMAL WEAR ARE NOT COVERED. DON'T LAWYERS JUST BRING YOU DOWN?)

A Life Well Lived
Tenaciously**

Do not burn yourselves out. Be as I am — a reluctant enthusiast... a part-time crusader, a half-hearted fanatic. Save the other half of yourselves and your lives for pleasure and adventure. It is not enough to fight for the land; it is even more important to enjoy it. While you can. While it's still here. So get out there and hunt and fish and mess around with your friends, ramble out yonder and explore the forests, climb the mountains, bag the peaks, run the rivers, breathe deep of that yet sweet and lucid air, sit quietly for awhile and contemplate the precious stillness, the lovely, mysterious, and awesome space. Enjoy yourselves, keep your brain in your head and your head firmly attached to the body, the body active and alive, and I promise you this much; I promise you this one sweet victory over our enemies, over those desk-bound men and women with their hearts in a safe deposit box, and their eyes hypnotized by desk calculators. I promise you this; You will outlive the bastards.

– Edward Abbey
