Cleaner of a Different Color

Heavy-Duty Powdered Concrete Cleaner

This hard-working, biodegradable concrete cleaner changes color when wet to indicate its concentration level while working. The industrial strength powder dissolves quickly and removes tough, embedded soils.

Benefits:

- Fast-acting formulation
- Easy to use
- Just wet floor, apply, scrub & rinse
- Color indicator assists in application

Applications:

- Concrete floors
- Warehouses
- Auto shops
- Commercial printers

Directions for Use:

Wet the surface to be cleaned, then sprinkle powder over the area. Allow wetted material to soak on the floor for 5 to 10 minutes, then scrub with long-handled stiff brush. Rinse the floor thoroughly with clear water and allow to dry.

Base Code: R029
