Coldmaster® CoolCheck™

The Coldmaster solution eliminates the inconvenience and mess of ice, as well as reduces the potential for bacteria. The Coldmaster solution is revolutionizing the food pan category, offering innovative solutions and making work easier.

- Patent-pending technology allows you to quickly see when temperatures are no longer safe
- Same great features as our standard Coldmaster products with the added element of color-changing technology
- Eliminates the guessing game behind food safety
- Unit holds food safely below 41°F for 6-8 hours*
- Reduces waste by “telling” workers when food temperature is safe
- Eliminates the mess and inconvenience of ice
- FDA approved; dishwasher safe
- Works with Coldmaster Lids to maintain temperatures
- NSF Listed

*Time will vary based on ambient room temperature

Designed to fit in standard sized food pan templates or food wells

The Coldmaster Solution:

High-impact ABS plastic holds up to foodservice use

Exclusive refrigerant gel ensures high performance

Non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day

Extra insulation surrounds refrigerant gel for maximum cold retention

Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

Coldmaster = Peace of Mind

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks, batter pans to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster, as it allows you to transport and keep food cold, anywhere you need to without messy ice or electricity.

Coldmaster Products Exceed Health Department Requirements

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®* guidelines of 40°F for up to eight hours**

Coldmaster Products Meet FDA Standards

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

*ServSafe is a registered trademark of the National Restaurant Association

**Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.

StorPlus™ Decorated Rounds

Round Food Storage Containers

- Super-tough, clear polycarbonate for ultimate durability allows easy food content identification at a glance
- StorPlus containers stack with other major brands for convenient storage; stacking shoulder prevents jamming
- Date indicator helps maintain food quality and control inventory turns, interchangeable with other brands
- Exclusive Carlisle spoonable bottom for increased yield and less food waste
- Clear polycarbonate containers can withstand temperatures from -40°F to 212°F
- NSF Listed; dishwasher safe

Easy-To-Read

Color-Coded Glass Racks

If your operation has multiple drinkware styles that need to be washed, stored, and easily identified, Carlisle has a solution to make work easier. Our OptiClean extenders are now available in six color choices. Use them to color code your glass racks for easy site organization, employee training or glass and glass rack organization consistency.

ORDERING DETAILS

Glass Rack & Extender Combo

Glass Racks and Extenders are available in a variety of combinations. Just select the compartment size you need and choose the color extender you want.

Individual Divided Extenders

Want to simply update your current OptiClean Glass Racks with the color-coded option? You can order Divided Extenders separately in any of the six colors shown below.

NOTE: You may order the entire rack assembly in blue or choose to color code the extender(s) in one of the other five color options.

For complete listings see our full catalog or visit www.carlislefsp.com/findrack

Marko In-Stock Program

Carlisle FoodService is pleased to announce the Marko In-Stock Program. For the very first time, the most requested Marko table coverings, napkins, skirting and accessories are now available as stocked items. No longer will you have to place a separate order for your most sought after Marko items. With Carlisle FoodService, you can count on Marko to be there for you.

Ordering Information:

- In-Stock items can be combined on one purchase order with foodservice products
- In-Stock items can be combined with made-to-measure items
- Combined orders of In-Stock items and made-to-measure items will ship together upon completion of the made-to-measure items

Note:

- Made-to-measure items cannot be combined with foodservice orders

This is just the beginning — additional items will be added based on demand.

For more information please contact your local sales representative.

SoftWeave™

Table Linens

A smooth luxurious feel and a natural, soft texture between your fingers. Marko SoftWeave table linens and napkins, made of spun filament polyester, deliver the soft feel of cotton, yet don't lint, pill, shrink, or fade like cotton. Thanks to an advanced finishing technology, our SoftWeave is able to remain elegant and soft to the touch longer than spun or 50/50 blended polyester. SoftWeave combines style and sophistication with the performance features and low cost efficiencies you desire. Our advanced stain release technology allows you to wash at a low 120°F rather than 160°F while using half the detergent, dramatically lowering your energy costs.

SoftWeave Square

SoftWeave Round

Classic Twill Skirting w/ SoftWeave Tablecloth

Napkins

Made from our signature SoftWeave fabric, it is amazing how a cloth napkin can add to a dining experience. Enhance the atmosphere of your facility and turn an ordinary dinner, or a "quick bite to eat" into a memorable meal or night on the town. Using cloth napkins can keep your customers coming back for more and for less than you think.

Vinyls

Whether you are looking for the classic checkered vinyl or a new upscale pattern to complete your dining room look, Marko's vinyl has that and everything in between including the elegance and drape of fabric.

Classic™ Series (Red Check)

Skirting

From banquets, weddings, and buffet lines to meetings, conferences and registration tables, the use for table skirting is limitless. Our TruFinish™ Classic™ Twill skirting, made from 100% filament polyester doesn't fade and resists wrinkles for an elegant presentation.

Classic Twill Black

Classic Twill White

Add Some Sparkle To Your Table Top With Glimmer

Combine Glimmer or one of our other vinyls with traditional table skirting to get the best of both worlds. Vinyls provide an easy wipe off surface for quick spill clean up. Traditional fabric skirting adds the soft touch – perfect for weddings, receptions, buffets, or other special events.

Marko In-Stock Program

SoftWeave™ Bistro Striped Napkins

Achieve the spirit of farm-to-table with the authentic look of Marko's SoftWeave Bistro Striped Napkins. These napkins hold their color and don't bleed like the competition. Plus our stripes offer the same features you've come to expect from SoftWeave—soft hand, minimal linting, consistent colors, great soil release and very little shrinkage.

- 100% SoftWeave fabric
- Yarn dyed stripe stays true to color without fading or bleeding
- Designed to be washed with bleach
- 18" x 22" pre-cut with hemmed edge
- 15 color options

2-Piece Lobby Dustpan

Introducing our new Lobby Dust Pan, featuring a 2-piece handle which takes up less warehouse space and lowers shipping costs.

- Convenient “flip-up” lobby style for easy, efficient use
- Two-piece handle reduces the carton size saving warehouse space and shipping costs
- 30" two-piece handle—screws together easily
- Handle features pivoting hang hole for easy storing
- 12" dust pan features serrated edge along the bail allowing you to “comb” the broom
- For use with Carlisle Lobby Dust Brooms (3686100, 3685914 and 3686003)
