ELIMINATOR**

MALODOR COUNTERACTANT

Removal of unpleasant odors is simplified with this product. This concentrated, water soluble deodorant does not merely cover up odors; it chemically neutralizes the odor causing molecules without leaving an over powering scent. It contains the fragrance that your nose detects, two re-odorizing agents and a sophisticated surfactant-emulsifier system. The unique formula continues to work to fight odors long after initial fragrance has dissipated.

Properly diluted, it can be sprayed directly on surfaces or fabrics without staining or leaving a residue. The versatile formulation allows its use in fire damaged facilities and eliminates odors due to smoke, vomit, urine, fecal matter, pets and cooking. This versatile product can be added to cleaning solutions to help eliminate odors as you clean or use alone diluted 1:20 for use as an all purpose cleaner.

FEATURES	RELATED BENEFITS
Concentrated	Economical to use
Institutional strength	Counteracts the most objectionable odors
Malodor counteractant	Neutralizes and eliminates odors
Pleasant fragrance	Freshens the room
Add to cleaning solutions	Eliminate odors as you clean
Water based	Can be used on fabrics without staining

AREAS OF USE -

Eliminates odors due to smoke, vomit, urine, fecal matter, pets, cooking and more

- Walls, floors and carpeting
- Upholstery, curtains, drapes, laundry
- Drains, waste bins
- Toilets, sinks and showers
- Air treatment by misting

TO USE -

Dilute from 1 ounce per gallon of water for most applications, up to 10 ounces per gallon for portable toilets. Also works great as a neutral cleaner; dilute 2 to 4 ounces per gallon of water. See label for complete directions and use only as directed.

SPECIFICATION DATA

Available Sizes - 12/1Q, 4/1G	Physical State - Liquid
Color - Green	Fragrance - Floral
Foaming - Controlled	Free Rinsing - Yes
Viscosity - Thin	Phosphates - None
Flammable - Yes	Biodegradable - Yes
Specific Gravity - .987	pH (undiluted) - 7.0
