

Sweeping Compounds

Clean Sweep is used to gather debris when pushed in front of a broom, preventing dust from becoming airborne and resettling. This results in a cleaner floor and prevents the inhalation of irritable dust while sweeping. Clean Sweep is manufactured with only the best raw materials and comes brightly colored in red or green for spot-free sweeping.

Product Information

Regular (sanded, oil base)

Our most popular sweeping compound contains sand as an abrasive to loosen grime and dirt that may be stuck on work floors. Ideal for unfinished wood and concrete floors. It is mainly used in the construction industry, warehouses, boat yards, factories, garages and anywhere heavy-duty cleaning is a must.

No Grit (non-sanded, oil base)

This non-abrasive sweeping compound is safe to use on any floor. Perfect for collecting dirt and dust on all types of wood, tile, terrazzo, and finished concrete floors without scratching. Ready Sweep is ideal for use in stores, warehouses, institutions, churches, restaurants, factories, schools and homes.

Wax Base (non-sanded, wax base)

Non sanded, wax base sweeping compound conditions as it cleans. Use on painted and varnished floors, tile, terrazzo, wood, concrete and waxed floors. Great for keeping finished floors looking their best. Ideal for use by schools, churches, museums, gyms and all fine floors.

Green Sweep (recycled, non-petroleum)

The only 100% USDA certified sweeping compound available! Made from recycled content and contains no petroleum ingredients and perfect for the environmentally conscious. Available sanded or non-sanded, safe for all floors and performs as well as traditional petroleum oil base sweeping compounds.

Our goal is to provide excellent quality products and service at a fair price. We offer over 65 years of experience to get the job done right!
