Dial® Hand Sanitizers

Fragrance Free, Foaming and Gel Sanitizers

Dial® Hand Sanitizers are alcohol-based but has a special moisture-lock system that is clinically proven to deliver 10 times more moisturization to the skin than if left untreated. As such, it visibly reduces the appearance of dry skin after use. Dial® Hand Sanitizers meet OSHA, CDC, and FDA standards and guidelines.

Time Kill Test – Specific test organisms were suspended in Dial® Instant Hand Sanitizers for 15 seconds.

Dial® Hand Sanitizers reduce organisms **99.999%** after exposure.

Kills 99.999% of common disease causing germs instantly.

Non-drying formulas help to soften and soothe hands.

Hand sanitizer foam delivers 10X more moisturization than if untreated.
