**Suma[®]
Freeze D2.9
Freezer Cleaner**

A breakthrough in freezer floor cleaning technology, effective in removing a wide range of soils from freezer floors at temperatures down to -20° F.

Features

- Provides methanol-free, non-flammable and biodegradable freezer floor cleaning technology
- Works at low temperatures down to -20° F (-29° C)

Benefits

- Keeps freezer surfaces and floors clean without shutdown
- Cleans fast and easy without hard scrubbing

Applications

- Clean animal fats, traffic soil and forklift tire marks in one application

Suma® Freeze D2.9

Freezer Cleaner

Use Directions

- Remove all product from freezer. Sweep floor as necessary.
- Apply the cleaner undiluted to the surface to be cleaned. Mop, vacuum or squeegee the area.
- Collect the use solution.
- Allow the surface to thoroughly dry before returning product to the freezer.
- A potable water rinse is not required if the solution and solubilized soil are effectively removed by wiping and wet vacuuming. This product is suitable for use in automatic scrubbing equipment.

pH	11.5
Scent	Solvent
Shelf Life	1 year

Available Items

Product Code		Description/Package Size	Dilution
948030	 	4 x 1 gallon / 3.78 L Containers	Ready-to-Use

Safety Reminder

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use, and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDSs are available on-line at www.sealedair.com or by calling 888 352 2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up to date shipping information.
