

Black Flag® Ant & Roach Killer

Black Flag® Ant & Roach Killer is an easy to use spray that kills on contact in a no-mess, non-staining and water based aerosol formula. Protect your facilities and prevent an infestation from ants and roaches with a full coverage solution. Gets rid of cockroaches, ants*, silverfish and crickets for up to 16 weeks.

Features and Benefits

- Available in Unscented, Lemon and Spring Fresh scents
- Kills cockroaches, ants*, spiders, crickets, firebrats, silverfish, fleas, brown dog ticks and carpet beetles
- Spray areas along baseboards, under sinks, refrigerators, stoves, dishwashers and other places where roaches live and hide

*Excluding pharaoh and fire ants

Use Directions

Always read and follow label directions. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use inside the home only.

HOW TO USE

Shake well before using. Spray surfaces until wet, moving the spray rapidly to prevent excessive wetting and waste of product. Point spray away from people, pets and plants. Do not use as a room spray.

Do not allow the spray to contact food or food-contacting surfaces. Exposed food should be covered or removed before application. Thoroughly wash dishes, utensils and countertops with soap and water if they are sprayed with this product. Do not allow people or pets to contact treated surfaces until spray has dried. Remove pets and cover aquariums before spraying.

INDOORS

For Spot Treatment Only — Cockroaches, Ants**, Carpenter Ants, Spiders (including Black Widow and Wolf Spiders), Crickets, Firebrats and Silverfish: Direct spray into cracks and crevices in walls, dark corners of rooms, cabinets and closets; along and behind baseboards; beneath and behind sinks, stoves, refrigerators and cabinets; around plumbing and other utility installations; around waste containers and wherever else these pests may find entrance. Spiders (including Black Widow and Wolf Spiders) must be sprayed directly to be killed.

**Excluding Pharaoh Ants and Fire Ants

Fleas and Brown Dog Ticks: Spray infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor coverings where these pests may be present. Test inconspicuous sample of fabric or rug for staining before use. Old bedding of pets should be removed and cleaned or replaced with clean, fresh bedding after treatment of pet area. Do not treat pets with this product. To control the source of flea infestations, treat your pet with a product registered for animal application.

Carpet Beetles: Spray along baseboards and edges of carpeting, under carpeting, rugs and furniture; in closets and on shelves and wherever else these insects are seen or suspected. Test inconspicuous sample of fabric or rug for staining before use.

Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
