

2 Liter and 4.5 Liter Dispensing System

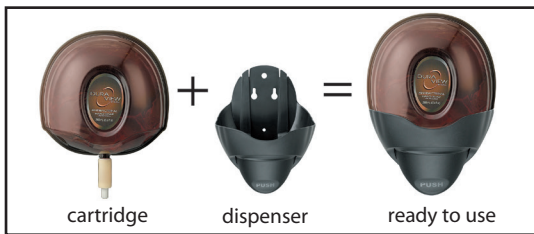

Large Capacity Skin Care Made Easy

DuraView® by Kutol is the large capacity dispensing system that's first in it's class for appearance, security and performance. Available in 2 L and 4.5 L sizes, DuraView utilizes a replaceable cartridge and dispenser combination.

The skin care pouch is sealed inside a waterproof, heavy-duty PVC cartridge to prevent contamination and protect the pouch. When it's time to refill, simply remove the old cartridge and insert a new one – lock it in place and you're ready to go! In addition to being durable and great looking, the labeled cartridge creates the ultimate view window, eliminating all guesswork about product-type and soap level.

Both 2 L and 4.5 L cartridges utilize the same durable dispenser for convenience and flexibility.

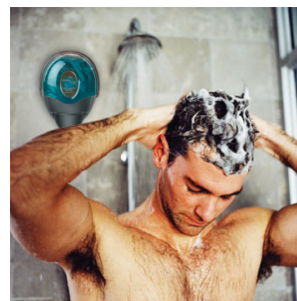

- Larger capacity means fewer change outs
- One dispenser for both 2 L and 4.5 L
- Soap level is visible
- Loads easily - just replace entire cartridge
- ADA push compliant
- Large variety of skin care products available
- Stylish and practical

DuraView - Perfect for every location!

In the restroom...

In the shower...

In the plant...

KUTOL
Hand Hygiene Specialists
