

Packaging Products For Asian Foodservice Applications

Pactiv LLC offers a variety of containers that are ideal for hot and cold carry-out Asian menu applications. From spring rolls and stir fries to rice, noodle and curry dishes, VERSAtainer® containers enhance your image and ensure that your food arrives safe and secure at its destination.

DELtainer® containers are perfect for any Asian style soups. We offer a variety of sizes including 16 and 32 oz. clear designs that are perfect for your carry-out customers. Like all Newspring containers, these are microwaveable, stackable, end-user reusable and refrigerator-friendly.

Available in a full range of sizes with black and white bases

Features	Benefits
Sturdy Construction	Offers superior strength plus excellent performance for hot and cold items
Leak Resistant Seal	Maintains food quality and helps prevent messy leaks and spills
Microwaveable	Perfect for hot foods and sauces: safe and convenient.
Dishwasher Safe	Customers enjoy product reusability
Stackable Lids & Bases	Saves space and helps keep products safe during transportation
Recyclable	Containers can be recycled after use if accepted by local recycling programs

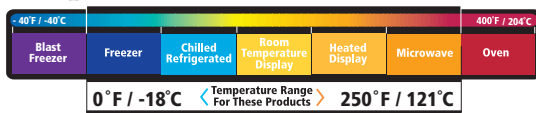

Optimized Cube Utilization – Efficient case packs reduce shipping and warehouse costs

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based on testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
