

WIPESPLUS TECHNICAL DATA

EFFICACY DATA FOR WIPESPLUS® FOOD CONTACT SANITIZING WIPES EPA REG NO. 1839-221-75399

PRODUCT DESCRIPTION

Cleared by the EPA for use on food contact surfaces without a rinse after sanitization, WipesPlus® Food Contact Sanitizing Wipes are the perfect cleaning solutions in busy kitchen areas. More effective and efficient than sprays towels, and encourages staff use, which improves the outcome in reducing foodborne illnesses. The Probe Wipe non-corrosive towelettes clean thermometers and meat probes in a single swipe. The individual wrapping makes them sanitary and portable.

Note: Do not use as a baby wipe.
