### DESCRIPTION:

This advanced, citrus containing formula is the ideal solution to the low VOC (volatile organic compound) challenge for general purpose degreasers without sacrificing performance. At 10% VOC, this product meets Consumer Product Category VOC regulations in all 50 states\*. It quickly and easily removes grease, oil, grime, tar, general purpose adhesive and other deposits of the most challenging cleaning applications in industry from metals, durable plastics and rubber substrates. Controlled dry time allows for penetration and dissolving of tough deposits. It will even work on vandalism removal of stickers, labels, and grease markers.

\* For facility use in California Air Districts under SCAQMD's Rule 1171 Solvent Cleaning Operations, limited quantity aerosol use applies.
