PROFESSIONAL

Strong and Fast

**Paint Remover
Spray Gel**

This strong product removes most paints, decals, varnishes and adhesives, quickly and safely. Thick formula clings to extend contact time. Use on metal and wood surfaces. Residue can easily be removed by scraping or by rinsing with water or solvent.

Benefits:

- Aggressively strips even the toughest paints & adhesives
- Convenient spray is easy to use
- Scrape or rinse away residue

Applications:

- Construction sites
- Auto shops & dealerships
- Industrial & manufacturing plants
- Maintenance shops
- Schools

Directions for Use:

Shake well before using. Do not use on plastic, linoleum, fiberglass or synthetic fabrics. Read all directions and cautions prior to use. Due to the product's powerful stripping action, protect any painted or plastic surface, including the floor, which might be exposed to overspray.

Paint Stripping: Holding can upright and 8 to 10 inches from surface apply a light uniform coat of product. Allow to soak until paint is blistered, softened or dissolved. Remove stubborn paint with a putty knife or wire brush. Flush surface with water or solvent and allow to dry.
