

PHILIPS

SpeechMike

Dictation Microphone

Noise-canceling microphone

Ergonomic design

Integrated sound card and speaker

Antimicrobial surface

LFH3200/3300 series

Boost your productivity

with a professional dictation solution

The professional SpeechMike microphone takes stationary dictation to a new level. It delivers excellent speech recognition capabilities, an antimicrobial surface for improved hygiene, and refined ergonomics for easy operation.

Superior audio quality

- Noise-canceling microphone for accurate speech recognition results
- Integrated sound card and speaker ensuring crystal clear playback

Enhance your productivity

- Comfortable ergonomic design for one-thumb operation
- Hygienic surface for easy disinfection

Designed for professionals

- Geared for Dragon NaturallySpeaking speech recognition software
- Can be fully integrated into existing workflow systems

No 1 in SPS global customer satisfaction survey 09/2017.

Highlights

Noise-canceling microphone

The advanced microphone design and an optimized frequency response rate cater for the best speech recognition results.

Crystal clear playback

The advanced built-in front speaker and the integrated sound card guarantee crystal clear playback of your dictation files

Ergonomic zone design

Designed with three ergonomic zones, it has been tested and proven by users to have the most comfortable fit in the human hand. The dictation zone is optimized to keep thumb movement to a minimum and allows for blind operation. The buttons needed for the actual dictation functions take up the greatest amount of space in the central area of the device. Less frequently needed function buttons are clearly arranged above and below. The trackball uses a laser sensor that allows precise cursor movements. It contains an integrated confirmation button for simple control of PC functions and can also be used to control playback volume.

Hygienic surface

Hygienic surface for easy disinfection
The hygienic surface physically hinders the colonization of germs and thus improves the efficiency of the usual measures for disinfecting.

Geared for speech recognition

The SpeechMike features preconfigured buttons for direct control of Dragon NaturallySpeaking, the voice recognition solution from Nuance.

Ready for integration

Philips provides a Software Development Kit (SDK) for speech, office, and business application developers that allows for convenient programming of interfaces when integrating the SpeechMike into professional information and dictation solutions.

Specifications

Connectivity

USB: USB 2.0, type A (compatible with USB 3.0)

Audio recording

Microphone type: electret condenser microphone

Microphone capsule: 10 mm

Characteristic: uni-directional

Frequency response: 200–10 000 Hz

Sensitivity: 85 dB–104 dB (depending on position of mic-slider in sound control panel)

Signal-to-noise ratio: > 70 dBA

Sound

Speaker type: built-in round, dynamic speaker

Speaker diameter: 30 mm

Acoustic frequency response: 300–7500 Hz

Speaker output power: > 200 mW

System requirements for Philips

SpeechControl Software

Processor: Intel dual core or equivalent AMD processor, 1 GHz or faster processor

RAM: 2 GB (32 bit)/4 GB (64 bit)

Hard-disk space: 30 MB for SpeechControl Software, 4.5 GB for Microsoft .NET Framework

Operating system: Windows 10 (64 bit), Windows 8.1/7 (32/64 bit), Windows Server 2012 (64 bit), Windows Server 2008 R2 (32/64 bit), macOS 10.13/10.12

Graphics: DirectX-compliant graphics card with hardware acceleration recommended

Sound: Windows-compatible sound device

Free USB port

Supported speech recognition software:

Nuance Dragon Professional 12.5/13/14/15 Individual/Group, Nuance Dragon Legal 12.5/13/14/15, Dragon Medical Practice Edition 2/3, Nuance Dragon SDK Client Edition 14

Green specifications

Compliant to 2011/65/EU (RoHS)

Lead-free soldered product

Operation conditions

Temperature: 5 °–45 °C/41 °–113 °F

Humidity: 10 %–90 %

Dimensions

Product dimensions (W × D × H): 45 mm × 165 mm × 30 mm/1.8" × 6.5" × 1.2"

Weight: 0.160 kg/0.353 lb

Cable length: 3 m/10 ft

Design and finishing

Color(s): warm grey/black
