

Attributes

- Strong and versatile A4+ rotary paper trimmer with a 385mm trimming length ideal for frequent use in the office or for serious crafting
- High quality ground steel rotary blade easily trims up to 15 sheets of 80gsm paper (with the straight blade)
- Choose from straight, wave or perforating blades which come in quick change clear plastic cartridges
- Wave blade trims and perforating blade perforates up to 5 sheets of 80gsm paper
- Quickly and safely change between blades by dropping the selected cartridge into the ergonomically designed easy-grip trimmer head
- Automatic paper clamp and simple metric grid lines make it easy to insert the paper and the trimmer head runs smoothly down the guide bar for precise trimming
- Sturdy plastic base with non-slip rubber feet for stability and can be easily stored when not in use
- High quality Leitz paper trimmer with a 5-year hassle free guarantee (excludes normal wear parts & consumables)
- Replacement straight, wave and perforating blades are available
