# PC-Connectable shipping and barcode label printer

The Brother QL-1100c is a high-speed label printer engineered to print up to 4" wide labels. This business-quality label printer lets you create cost-effective paper adhesive labels for packages, envelopes, postage and more.

**QL-1100c**

## Key Features:

- Print wide format shipping labels from a PC or Mac
- Print labels up to 103.6mm wide and at up to 110mm/second print speed
- USB connectivity for PC and Mac
- Supports printing of FBA (Fulfilled By Amazon) labels through a special PDF crop print function
- Built-in cutter to create your own length labels using unique continuous rolls
- Windows SDK (Software Development Kit) available to add label printing to your own apps
- Wide range of label widths, colours and materials available to create signage, visitor badges and more

## Your home office business partner

Featuring a 4 inch width (101.6mm) print head, the QL-1100 offers maximum compatibility with third party shipping label software packages from couriers and parcel delivery companies.

And for sellers who use the Fulfilled by Amazon (FBA) service, the "crop-print" feature enables you to print multiple barcode labels contained in the PDF generated by your Fulfilled by Amazon account. The driver detects, extracts and prints each individual label to the QL-1100 automatically, making it easy to mark up your items to be shipped to Amazon.

The Brother QL-1100c delivers fast print speeds of up to 69 standard address labels per minute with black text at 300dpi. Auto cutter allows for printing one or multiple labels at a time, eliminating wasted label sheets. Free P-touch Editor software is included, allowing you to easily design your own labels.

Mounted on a special roll guide, Brother DK labels are easy to install and the guide ensures that each label is printed straight.

Brother QL labellers are also intuitive, they recognise the size of the label installed and display this on P-touch Editor, ensuring any label prints exactly as expected.

# Brother DK Labels

A wide range of label sizes are available in pre-sized and continuous length rolls, paper and film materials, and in white, yellow and transparent colours.
