EQUIPMENT HEALTH & SAFETY REGULATIONS**

WHY ATLAS?

Made in the UK, **ATLAS Ergonomic Chairs** are DSE compliant, endorsed and used by, **Healthcare Professionals, Back Care Specialists, Chiropractors** and **Assistive Technology Specialists**

HIGH QUALITY CONSTRUCTION

ATLAS chairs feature heavy-duty mechanisms, premium gas lifts, and support up to 150kg in weight. High-grade seating foam is used, alongside a memory foam layer, delivering exceptional comfort

FULLY ERGONOMIC

Many office chairs lack the features needed to achieve an optimal seating position. ATLAS chairs provide a comprehensive range of adjustments, enabling you to find the perfect ergonomic position, improving posture, reducing back pain, and enhancing comfort

RESPONSIBLE PRODUCTION

ATLAS chairs are made in the UK using recycled materials and are designed for recyclability

FIRE SAFETY

Not all office chairs are constructed with fire-safe materials suitable for every environment. ATLAS chairs are fully compliant with the Furniture and Furnishings Fire Safety Regulations 1988, and specifically with BS7176 (non-domestic), BS5852 (domestic) and CRIBBS (required in hospitality and public sector settings). All foam is CMHR compliant (Combustion Modified High Resilience)

PURCHASE PROTECTION

All ATLAS chairs include a 5-year warranty, so you can trust that your ergonomic chair will stand the test of time (T&Cs apply)
