## Expand Your Horizons with Dual Full HD displays

More displays mean less time wasted juggling windows. The DV3 USB-C dock extends your laptop to two unique HDMI displays, or one HDMI and one VGA monitor. DV3 makes multitasking easy with plenty of visual space for all your documents, spreadsheets, research tabs, emails and chats.
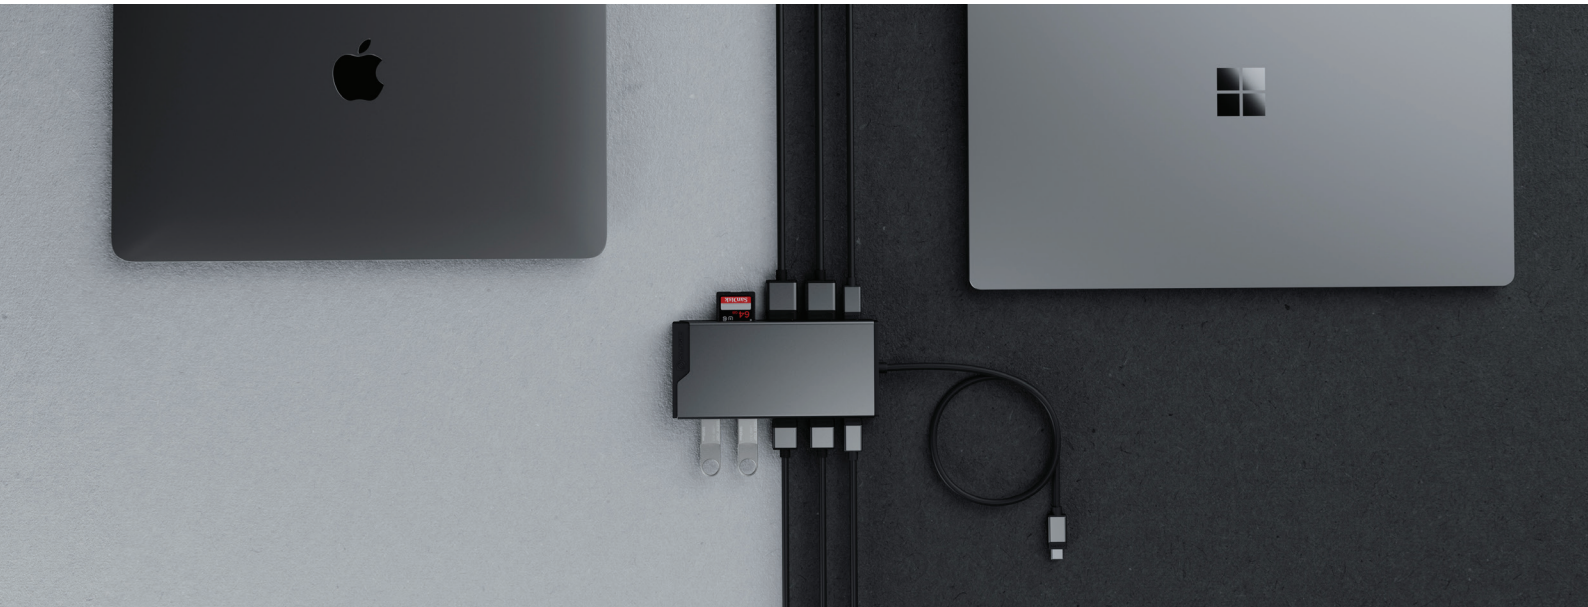

## 100W Laptop Charging

When connected to a suitable USB-C Power Delivery (PD) charger, DV3 can accept up to 100W of power to charge any USB-C connected computer, eliminating the need to plug a separate power cable into your laptop.

## 12 Connections Over a Single Cable

Connect with your most productive self with the DV3 dual HD monitor portable docking station. With 12 ports, there's no need to choose between your devices, as your phone, keyboard, mouse, SD card and the rest can connect simultaneously over DV3's single USB-C/A cable, together with high speed Ethernet internet and two Full HD monitors.

## Works seamlessly with your laptop

Consider your compatibility headaches cured. Our USB-C powered DV3 triple monitor docking station is compatible with all modern laptops. Plug in your Mac, Windows, or Chromebook device. Hot desk it at home or in the office. Our multi-port laptop hub has been designed for seamless connectivity with whatever system you're running.
