

LEITZ'

Leitz Ergo Space Saving Dual Monitor & Laptop Arm

The IGR (monitor arm only) and TÜV certified Leitz Space Saving Dual Monitor and Laptop Arm has a positive impact on posture, promotes proper eye alignment and supports neck and shoulder comfort when the height of the monitor and laptop are adjusted correctly, and as recommended, to the ideal ergonomic position. The monitor and laptop stand remains stable at all heights and angles and can be easily switched between landscape and portrait mode. It's design is ideal for where space is limited and it will free up valuable desktop space thanks to its ultra versatile arms that can effortlessly fold flat, tilt and maneuver in any direction with just one hand. Ergonomically designed to promote wellness and increase productivity.

Attributes

- IGR (monitor arm only) and TÜV certified ergonomic dual monitor and laptop arm that can improve posture, eye alignment and neck and shoulder comfort when the height of the monitor and laptop are adjusted correctly
- Space saving design allows it to be mounted in small spaces while still providing maximum depth of field and optimal visual ergonomics
- Monitor and laptop can be adjusted completely independently of each other
- Spring-assisted dual arms to easily adjust the height of the monitor (185mm-435mm) or laptop
- Easy height, depth and angle adjustment with just one hand: +90°/-90° left & right swivel, up to 180° horizontal & vertical monitor rotation, +55°/- 55° screen tilt
- Strong and stable design to support 17"-32" flat or curved monitor weighing up to 9 kg (19.8lbs) and 13-17" laptop with a maximum thickness of 2.4cm
- Easy to install with the included quick release detachable Vesa® plate (75 and 100mm) and silicon rubbered c-clamp that will reduce vibration and protect the desk surface or by grommet hole (desktop thickness range: 10–80mm). Tools for assembly and adjustments included
- Cable management system keeps monitor cables organised for a tidier workspace
- Tested and recommended by the German IGR Institute for Health and Ergonomics, according to DIN 26800 EN ISO 15537 (monitor arm only) and TÜV certified
