Product Certifications

Pelikan cartridges conform to all established international standards. Safety and compatibility with OEM equipment is confirmed by independent authorities.

At the same time Pelikan is continually checking the market for its additional environmental, technical and/or ecological needs. Beside the AMES approved toner powder, roughly 120 toner cartridges are Nordic Swan certified one of the most important certifications in the European market today.

The cartridge

CF350A (130A)
Art. No. 4233882

sold as
Pelikan product

was developed and is manufactured with
high demand on quality and ecology.

CE Marking

CE marking is a mandatory conformity mark for products sold within the European Economic Area (EEA). With the CE marking, the distributor declares in accordance with EU Regulation 765/2008 "that the product complies with the applicable requirements laid down in the Community harmonization legislation for its affixing." The letters «CE» denotes «Conformité Européenne» («European Conformity»).

Some toner and inkjet cartridges fall under one or several EU directives, depending on their technical characteristics:

- EMC Directive 2014/30/EU
- RoHS Directive 2011/65/EU
- WEEE Directive 2012/19/EU

For the case that one or more EU directives apply, we confirm that the product complies with. For further details we will gladly send you the corresponding declaration of conformity of the product.
