Electronic Hybrid Roll Towel Dispenser

Versatile by design, the Cascades PRO Tandem™ electronic hybrid roll towel dispenser is one of the most tailor-made dispenser systems on the market.

Perfect for busy restrooms in retail, industrial, education and foodservice settings, this sleek dispenser seamlessly adapts to the needs of customers with three different settings: Motor-Assist, Exposed Towel and Hidden Towel. Its extended battery life meets the challenges of the modern facility and the public demand for sustainability. The dispenser's large capacity decreases inventory by drying more hands per roll, while the 10" pre-cut towels reduce waste.
