High Capacity Toilet Paper X2S Dispenser, Double Roll side-by-side

The Cascades PRO Tandem™ X2S high capacity toilet paper dispenser, improves hygiene and operating costs for busy bathrooms.

Cascades PRO Tandem™ X2S high capacity toilet paper dispenser is ideal for high traffic areas. This controlled roll system ensures complete consumption of the first roll before accessing the second roll, reducing product waste. A smaller horizontal footprint allows for installation in areas with restricted space, yet still provides twice the capacity of a standard toilet paper roll dispenser, reducing labor costs. This system conforms to ADA standards when properly installed and both rolls are covered for maximum hygiene. It also features the OnDisplay(TM) customizable advertising window insert.
