FABRICATION

Making anything possible

Fabrication
– Making or
manufacturing
an item from
material to a
bespoke form

Deflecto are a global industry leader with over 50 years manufacturing experience and sites in the UK, China, Canada and the USA.

As an innovative and experienced brand working with a range of top retailers, we are proud to offer a bespoke Fabrication service from our European head office in South Wales. This enables projects to be turned around quickly and cost effectively, without compromising quality.

The new facilities include:

- Heat Bending
- Etching
- Flame polishing
- Laser engraving
- Screen/Silk Printing
- Display Construction

We pride ourselves on problem solving and innovation and can produce anything in Acrylic, from a simple overprint with a company logo to a fully bespoke product or point of sale display – creatively bringing ideas to life!

The only limitation is your imagination!

Literature Display

Deflecto is justly famous for its literature display products, which include everything from business card holders to countertop, wall mounted and floor standing sign and literature holders.

All of them offer unbeatable quality, functional design and technical finesse making the range invaluable, whenever display is required.

Manufactured in Deflecto's wholly owned Chinese production facility through vertically integrated manufacture from basic raw materials to finished goods, enables us to be cost competitive, quick to market and European brand leader.

One product... endless applications

Deflecto sign holders offer a cost-effective signage solution to meet every need.

Floor Protection

As the worlds largest chairmat manufacturer, Deflecto has a wide range of floor protection products to suit your every need from carpets and hardfloors to indoor dust mats. Our quality products are designed to protect and save surfaces.

Deflecto consistently strives for improvements in our products and the affect they have on the environment. In response to the growing concerns of products containing Polyvinyl Chloride (PVC) plastic, our team of engineers has worked hard to create a new and improved Free and Clear formula for our vinyl chairmats. New Free and Clear, non-phthalate, non-cadmium formula mats offering exceptional clarity and performance. This new and improved formula carries the same high quality standards and warranty but with fewer environmental health concerns.
