

# CHICOPEE® FOODSERVICE CHIX® TOWELS WITH MICROBAN®

## Eliminate Bacteria and Odors

Chix® Towels with Microban® are specifically engineered to combat the growth of bacteria, yeasts, molds and fungi that commonly get trapped in foodservice towels.

Microban® protection keeps these microbes at bay, which means your foodservice towels can remain free from stains, unpleasant odors and rapid deterioration.

With protection built into every towel, product durability goes up, usage costs go down, and your patrons enjoy the cleanest possible environment.

## Engineered performance in every foodservice towel.

- + Durable
- + Highly Absorbent
- + Reusable (Machine Washable)
- + Bigger Apertures to Capture and Release More Food Debris
- + Fabric Designed for Optimum Scrubbing and Clean Rinsing
