Total Solution

Keeping your business clean and hygienic

Whether you're in a critical care environment, school or office building, keeping your business clean and hygienic should be a priority. The health and well-being of employees and visitors are critical to the success of each establishment. Chicopee's® scientifically engineered wiping solutions help support your cleaning protocol needs.

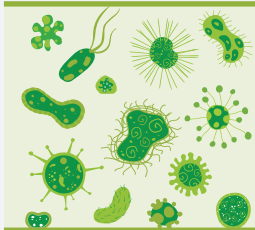

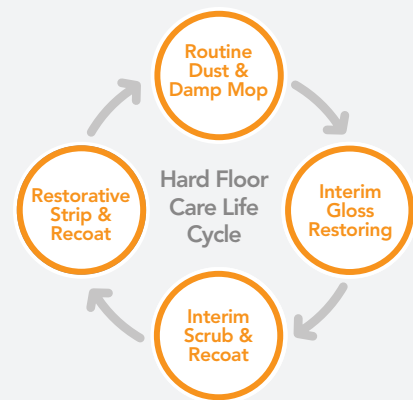

The Problem

Dust and dirt build-up is inevitable on every kind of smooth floor or surface. Not only unattractive and unhygienic but dust and dirt may also cause allergies or more serious health and safety problems.

Traditional floor and surface cleaning cloths may contribute to the problem by transferring dirt and grime from one area to another.

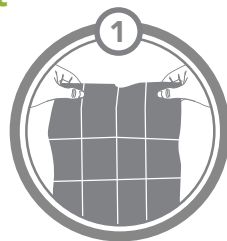

The Solution

Chicopee nonwoven floor and surface wipes have several advantages over traditional cleaning. They offer superior dust and dirt pickup. Plus with their unique 3D structure, Chicopee nonwoven floor and surface wipes help ensure a higher standard of cleaning.

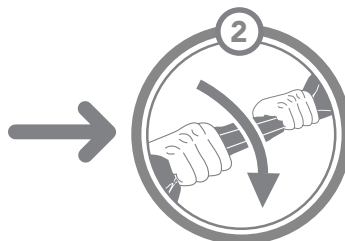

Dry dusting products from Chicopee® help reduce dust and moisture while also helping reduce the risk of slip and fall injuries caused by wet floors.

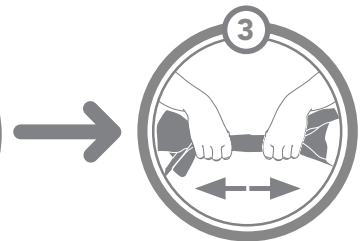

Picks up 2X more dust

Unfold
Turn 90 degrees and tug gently on ends

Pleat or roll
First stretch the wipe, this creates the 3D structure across the wipe

Stretch & re-use
Clean the desired area, remembering no water is needed

Building Care

Ensuring minimal effort and maximum result in your facility

Using Masslinn® & Stretch'n Dust® will help your organization achieve the benefits of operating a healthy work space by:

- Improving employee and occupant health
- Helping reduce workers' compensation claims for custodial staff
- Improving worker/employee productivity

Choosing the right wipe for your operation

Chicopee offers a wide range of floor and surface wipes, from Tack and Oil-impregnated to single-use Economy wipes. See some of the great features and benefits below, and use the table to help select the right product for your cleaning needs.

Effective Cleaning

So you have the right type of product, but how do you ensure it's used correctly?

For best results:

- ✓ Dust off higher level surfaces first, then floors
- ✓ Dust mop to remove all surface soil, debris, sand and grit
- ✓ Start at the side of the floor area
- ✓ Overlap wiped areas 25% for optimum clean
- ✓ Wipe from the overlap point and pull mop toward yourself

Dusty™

Providing the perfect solution for above the floor cleaning

Dusty™ cloths from Chicopee® are unbeatable when dust-free results are critical. For clean room facilities, healthcare environments and more. Dusty cloths are specially designed with a pressure-sensitive adhesive on the cloth that traps and holds dust effectively without leaving residue on floors, surfaces or your hands. The cloths also feature a unique open structure that captures dust and keeps it there.

Features & Benefits

- Disposable – No cross contamination and eliminates laundry costs
- Pre-impregnated – Ready to use out of the pack, no need to spray or soak
- Engineered fabric – For consistent and reliable performance
