

Let your ideas flow.

Used and
recognized by
professionals in
a world where
*reputation is
everything.*

Excellent performance and professional results
each and every time for your digital printing.

 **PRO-DESIGN**[®]
Where ideas take shape

We believe there is *creativity*
inside everyone.

It just takes the *right paper*
to *bring ideas to life*
for those who value creativity
and sustainability.

**We believe in doing
the right things in the
right way. Working within
the paper industry in a way
that reduces our impact
on the environment and
elevates creative outcomes.**

From forest to paper

1

THRIVING FORESTS

Comptoir des Bois de Brive (CBB)
Sylvamo® Forêt Services

SUSTAINABLE FOREST MANAGEMENT CONSULTING

FOREST HARVESTING

WOOD SUPPLY

COORDINATION & LOGISTICS

DEDICATED WOOD PROCUREMENT SUBSIDIARIES

100% FSC® and EU Ecolabel certified

130km The average distance of the wood from the mill

100% Local wood Over 35 wood species used

2

MANUFACTURING PAPER

TARGET 0 INJURIES

LOW CARBON FOOTPRINT*
The carbon footprint of an average A4 ream produced in Saillat is 0.779kg CO₂e/m² ream.
*Calculated using CEM to TOLIS methodology

85% SELF-SUFFICIENT IN BIOMASS ENERGY

92% DAILY USED WATER RETURNED TO THE RIVER

225

LOCAL ROOT

A major economic player deeply involved in the community.

Mill at Saillat-sur-Vienne

The True Power of Unity lead by one mill

225

730 Direct jobs

4,000 Indirect jobs

PRESERVATION OF BIODIVERSITY

In partnership with WWF, creation of a tool for identifying, understanding and preserving major species.

3

DISTRIBUTING OUR PAPER

PRO-DESIGN® papers to be found in our distribution network.

AVAILABLE IN OVER 20 COUNTRIES

CENDRÉCOR: A PLAYER IN THE CIRCULAR ECONOMY

Farmers' use of ash from the pulp manufacturing process.

105 User operators

10,000 Tons of ash

10,500 Hectares of land

BARK >>> COMBUSTION >>> ASH >>> CENDRECOR RECOVERY >>> SOIL AMENDMENT

**When we work together
we can achieve anything.
That's why we collaborate
with our partners and
suppliers to create the very
best product that nurtures
the future.
That's the Power of Unity.**

The True Power of Unity

Reliability

1 fibre source

Consistency starts with the sustainable forests management.

1 paper machine

The full PRO-DESIGN® range is produced on one machine. No jams.

Quality

1 quality culture

Uniform quality management and guaranteeing certification.

1 treatment

The same components used across the entire range.

Sustainability

1 approach to forestry management

The future starts here.

1 approach to paper production

Produced to high environmental standards.

Discover the
PRO-DESIGN range,
produced on
one machine only.

Whatever type of creators you support,
our paper is designed for professional
printing, creating the perfect canvas
for their ideas.

A person wearing a backpack and a hat stands on a narrow ledge of a red rock canyon, looking out over a large, vibrant green pool of water. The canyon walls are layered and textured, creating a dramatic, natural setting. The text is overlaid on the lower left portion of the image.

At PRO-DESIGN[®],
we can't guarantee
the ideas, but we
can guarantee
high quality and
excellent results
that you can rely on.
